The precincts having three Republican judges and two Democratic judges are Ash Grove, Big Spring, Clarksburg, Dry Point, Flat Branch, Holland, Moweaqua # 1, # 2, Oconee, Penn, Pickaway, Prairie, Richland, Ridge, Rose # 2, Rural, Shelbyville # 1 and Sigel. Mr. Amling requested that the Zoning Committee revisit the zoning fee for broadband towers that Shelby Electric Cooperative puts up. Broadband is a high priority of Farm Bureau. Shelby Electric Cooperative is putting up towers to service the county but with the current rate of \$25.00 a foot this would prohibit them from putting up too many towers especially around the lake. Mr. Amling suggested a \$100.00 permit fee be considered as the Zoning Administrator does have to go out to the tower site when the tower is installed. Discussion followed regarding permit fees charged by other counties and fees charged by Shelby Electric Cooperative for their services to the County. Chairman Brooks read a letter he received stating their opposition to Shelby County's current permit fee for broadband towers. (Letter on file in the County Board meeting file for June 9, 2010) Zoning Committee Chairman, Glenn R. "Dick" Clark stated he would see to it the Planning Commission and Board of Appeals meeting review the permit fee.

Additional improvements are planned including a new hanger to be built this year.

Whitney D. Mr. Paul Brooks
Shelby County Board Chairman
Shelby County Courthouse
301 E. Main Street
Shelbyville, IL 62565

Dear Chairman Brooks:

I am writing to tender my resignation as Shelby County State's Attorney effective July 8, 2010 at 3:30 p.m. At that time, I will be sworn in as an Associate Judge for the Fourth Judicial Circuit, State of Illinois. Although I will not often hold court in Shelby County, I will maintain an office in the courthouse. Shelby County will also remain my home.

I have enjoyed serving as the Shelby County State's Attorney these nine and one-half years. My office has had many successes and I am proud of the close working relationship I have had with law enforcement. That teamwork made being state's attorney a fulfilling experience.

It has been my pleasure to have close working relationships with the other Shelby County officials. These public servants' hard work often goes unnoticed.

As you know, I have taken no position in the appointment of my successor. Rest assured, however, whomever you choose will have my utmost cooperation to assure that the transfer of my office goes as smoothly as possible.

I have also appreciated working with you and the Shelby County Board and wish you all the very best. Thank you for your service.

Sincerely,

SHELBY COUNTY

TRUCK DRIVERS (EAST) - East of a line starting where such line from the northeast corner of Moultrie County in a southwesterly direction to Findlay intersects the Moultrie-Shelby Counties line, to Findlay, continuing in a southerly direction to a point approximately 2-1/2 miles south of Middlesworth, continuing to a point on the Shelby-Cumberland Counties line approximately one mile south of the Trowbridge Neoga Road.

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial/Decoration Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.

Notes to County Board Members re:
Selection of Election Judges for 2010-2012

Every two years, the County Board approves the proper ratio of persons to serve as election judges in each election precinct from the certified lists which have been furnished by the Chairmen of the County Central Committees. Motion and vote required.

The number of votes cast for Governor in the last three Governor elections determines the ratio of Democratic and Republican judges in each precinct.

Based upon those numbers, the ratio of three Democratic judges and two Republican judges will be in the precincts of Cold Spring, Herrick, Lakewood, Okaw, Rose # 1, Shelbyville # 2, # 3, #4, #5, #6, #7, Todds Point, Tower Hill, Windsor #1 and #2.

The precincts having three Republican judges and two Democratic judges are Ash Grove, Big Spring, Clarksburg, Dry Point, Flat Branch, Holland, Moweaqua # 1, # 2, Oconee, Penn, Pickaway, Prairie, Richland, Ridge, Rose # 2, Rural, Shelbyville # 1 and Sigel.

A copy of the Governor vote totals spreadsheet for the years 1998, 2002 and 2006 is on file in the County Clerk's office (prepared for the 2008-2010 selection process pursuant to 10 ILCS 5/1-3(21)). The same ratio applies for the 2010-2012 party ratio determination.

Please, do not hesitate to contact me if you have any question about the selection of election judges for 2010-2012 or if you wish to see the spreadsheet.

Dear Paul:

Farm Bureau is a supporter of implementing high-quality, affordable broadband Internet service in rural areas including Shelby and the surrounding Counties. For the past three years, broadband has been a priority issue of the Illinois Farm Bureau and American Farm Bureau Federation.

In the 21st century, broadband Internet access is a necessity, not a luxury. Access to high-speed Internet is important to rural America. Broadband plays a critical role in health, education and economic development.

Shelby Electric Cooperative is attempting to bring this much needed service to Shelby County. Farm Bureau has learned the county is charging a \$25 per foot permit fee to build a broadband tower. This fee could limit the number of towers built within the county and thus limit a much needed service to Shelby County residents.

We find the current permit fee to be excessive compared to our neighboring counties of Moultrie and Christian who do not charge a permit fee. In Shelby County, a permit for one-180 foot tower at \$25 per foot costs Shelby Electric Cooperative \$4,500. Shelby Electric Cooperative was formed many years ago to bring electric service to rural areas and today it is still trying to service its rural members.

The Commerce Department shows that broadband Internet access enhances the economic growth and performance of communities. People who live and work in rural areas are often unable to access the same educational, medical, business and government services as people living in more populated areas. This inequity can be corrected with access to broadband Internet service.

I am enclosing information regarding the benefits of broadband provided by the Illinois Farm Bureau. Shelby County Farm Bureau would like the county board to review its permit policy and waive the fees for broadband towers in Shelby County.

Broadband services will benefit our county residents and enhance economic development. I would be happy to discuss this issue with your further. If you have any questions, please contact the Shelby County Farm Bureau at 217-774-2151 or shelbycofb@consolidated.net

Sincerely,

Robert C. Hemer
President Shelby County Farm Bureau

Enclosure.

The Benefits of Broadband

May, 2010

Access to high-speed Internet is important to both rural and urban Illinois. In all areas of the state, broadband is playing more and more of a critical role in health, education and economic development.

A 2006 report from the Commerce Department shows that broadband Internet access enhances the economic growth and performance of communities. This three-year study by the department indicates communities with broadband access significantly outpaced communities without broadband access in terms of employment, overall number of businesses and property values.

Broadband connections accelerate business development by providing new opportunities for innovation, expansion and e-commerce. Connected communities create wealth and opportunity by attracting businesses that want to locate in areas with a strong broadband presence.

Examples of the benefits of broadband include:

Benefits to a Community

- Aids in attracting and retaining businesses
- Increases learning opportunities including adult education and job skill training
- Offers additional access to government services
- Attracts tourists and promotes tourism
- Increases both access to, and quality of, health care
- Equips First Responders with necessary information

Benefits of Connecting at Home

- Offers the ability to push out advertisements, news, sales to a wide audience
- Helps recruit job seekers to the area
- Provides for on-line customer support
- Expands e-commerce
