### SHELBY COUNTY BOARD MEETING

### October 14, 2020-9:00 A.M.

The Shelby County Board met on Wednesday, October 14, 2020, at 9:00 A.M. at the Lion's Club Building in Forest Park in Shelbyville, Illinois.

Chairman Bruce Cannon called the meeting to order. Board member Earl Baker gave the prayer, and all present recited the Pledge of Allegiance.

County Clerk Jessica Fox called the roll. Coffman and Durbin were absent.

Minutes for the September 9, 2020 board meeting were presented for approval. Mulholland made motion to approve the minutes as presented. Barr seconded said motion, which passed by voice vote (19 yes, 0 no).

At this time, Chairman Cannon called for Public Body Comment. Cannon stated he had some requests from other board members who requested the change to the beginning of the meeting, instead of the end. Discussion was held briefly from the board regarding this change. Martha Firnhaber spoke regarding the 2 contract items about the FOP and the 20/20 Forensic contracts. Firnhaber questioned how the board could vote on something they had not reviewed. Concerns from members of the audience were the board's continued practice of doing things "as they have always been done." Pat Lines spoke on concerns regarding the State's Attorney and her failure to provide legal counsel to the board and the change in PBC to the beginning of the agenda. John Kraft from the ECWD spoke on the Airport, the recent documentation he had received about the exemption status north of the runway and suggested following up regarding the rest of the exemption documents for the other exempt parcels. Kirk Allen of the ECWD addressed the board regarding the Zoning/EMA ad and its cost of \$1,039, the bonus for the Health Administrator without established criteria, the point of contact for the forensic audit, questioned if the FOP contract would be tabled due to the board not being aware of those changes and the fact the SA has recused herself from these negotiations. Allen made the board aware that Vonderheide has signed an affidavit created for her by Ed Flynn who is suing the county. Discussion was held about the county farm and the suggestion was made by Kirk Allen that in the future the county should think about giving the farm ground to the airport as they have different rules regarding county owned farm ground.

Chairman Cannon presented for approval the contract with 20/20 Forensics and John Vander Burgh. Vander Burgh stated he felt it would take 6 – 8 weeks to complete this forensic audit. After much discussion regarding the point of contact, the motion was made by Orman to make the County Clerk, the Treasurer, the new board chairperson, and the new SA as the points of contract for this audit. Slifer seconded the motion to approve the points of contact.

The points of contact for the forensic audit passed by roll call vote(18 yes, 1 no Barr) Aye: Baker, Bennett, Chaney, Ditzler, Drnjevic, Gergeni, Hayden, Jordan, Lenz, Metzger, Mulholland, Orman, Patterson, Simpson, Slifer, Swits, Tate and Williams. Nay – Barr. Not voting: Cannon.

Next the contract, as amended with points of contact, was presented for approval. The contract with John Vander Burgh and 20/20 forensics was passed by a roll call vote (17 yes, 2 nays, Orman and Slifer). Aye: Baker, Barr, Bennett, Chaney, Ditzler, Drnjevic, Gergeni, Hayden, Jordan, Lenz, Metzger, Mulholland, Patterson, Simpson, Swits, Tate and Williams. Nay: Orman and Slifer. Not Voting: Cannon.

At this time, Frank Mulholland, Fees/Salaries Chairman introduced William Schmitz who had recently been interviewed for the Zoning/EMA position. Mr. Schmitz was offered \$47,000 for both positions and the EMA grant will offset ½ of this expense. Schmitz is retired from the IDOC and does not need benefits. Mulholland stated his references were checked and the committee feels he is qualified for the job and made motion to approve Schmitz's hiring. Bennett seconded said motion.

Discussion was held. Gergeni questioned why this ad had not been posted at the local job center. Another candidate who seemed qualified, as he currently serves as an EMA director in another county, had not been given an interview due to his resume not being received. The board at no time had discussed anything about a specific job description or drawn up a contract for the hiring of someone. Schmitz stated he didn't have a bachelor's degree, but the ad that ran in both the Decatur Herald and the Mattoon Journal Gazette stated a Bachelor's degree was preferred which might have kept people without a degree from applying.

Orman made motion to table the hiring of this position at this time. Baker seconded said motion. Due to a motion and second already the vote was called.

The motion to hire William Schmitz as Zoning/EMA Director failed by roll call vote (3 yes, 16 no). Aye: Barr, Lenz, and Mulholland. Nay: Baker, Bennett, Chaney, Ditzler, Drnjevic, Gergeni, Hayden, Jordan, Metzger, Orman, Patterson, Simpson, Slifer, Swits, Tate and Williams. Not voting: Cannon.

The FOP contract item was tabled due to State's Attorney Vonderheide being absent due to a jury trial and the board not having the information for review ahead of time.

Chairman Cannon, as liquor commissioner, requested the refund of \$600 to Casey's General Store (Moweaqua) for their liquor license which would run from 9/1/2020 - 8/31/2021. Casey's was required by the county to apply for their liquor license prior to the end of our fiscal year. Shortly after that was approved in August, Casey's was annexed into the Village of Moweaqua and would no longer need the county license. Hayden made motion to approve the refund. Slifer seconded said motion, which passed by voice vote (19 yes, 0 no).

Treasurer Erica Firnhaber presented the revenue/expense and investment reports and reviewed those with the board. The next item Firnhaber discussed was Sheriff's department payroll and a "wavier" the deputies have been submitting requesting to not be paid for time submitted on their payroll sheet. The Department of Labor informed the County the employee should be paid for all time on their time sheet, as later they could come back and want paid for that time. The concern is if the County had a payroll audit and the payroll records did not match the time sheets, the county could be subjected to fees and fines. Discussion on the matter included shift change, vehicle liability and the importance of true and accurate payroll records. Discussion was also briefly held about the various "side agreements" that have been implemented at the Sheriff's office, but never presented for approval to the full county board. Treasurer Firnhaber stated she will continue to pay the time turned in on the time sheet until the board decides otherwise. Chaney recommended that the Law Enforcement Committee, the Sheriff's office, and the Treasurer get together and get a solution worked out.

Chairman Cannon presented the County tax levies for taxes to be paid in 2021. The levy shows a 2.3% increase as approved by the PTELL law and allows for a \$108,250 increase over last year's extension. The Ambulance levy will be increased by \$806 over last year's extension.

Chaney made motion to approve the tax levies. Patterson seconded said motion, which passed by roll call vote (19 yes, o no). Aye: Baker, Barr, Bennett, Chaney, Ditzler, Drnjevic, Gergeni, Hayden, Jordan, Lenz, Metzger, Mulholland, Orman, Patterson, Simpson, Slifer, Swits, Tate and Williams. Nay: none. Not Voting: Cannon.

At this time Chairman Cannon called for the Highway Engineer's report.

Alan Spesard, County Highway Engineer, requested approval for a resolution to award the "hoop" portion of the new salt storage facility to the low bidder EAHC Structures with their low bid of \$35,950. This 14-foot-high hoop building will be supported by concrete walls and foundations that will be constructed by the Highway department employees. This building will be 50 feet wide by 84-feet-long with a 30-year life expectancy according to Spesard.

Barr made motion to approve the low bid. Lenz seconded said motion, which passed by voice vote (19 yes, 0 no).

Continuing with updates, Spesard reported he will soon begin meeting with the 24 Township road commissioners for their MFT funds. Due to the Capital bill and an increase in revenue, this process will be a bit more complicated this year. The Clarksburg railroad crossing approach project, which was 100% funded was completed on Sept. 16 and open to traffic. The bridge in Prairie Township was completed on 9/21 and is open to traffic. The Westervelt railroad crossing approach project in Ridge Township was started on 9/14 and has a 40-workday contract. The Cowden-Herrick road improvement has been planned for next year. The Highway department has submitted draft plans to IDOT for review and this project is anticipated to be bid in March of 2021. A QA audit on the County's bridge inspection program was performed by IDOT, which is legally required, was recently completed and our bridge inspection program did very well. Spesard answered questions about winter road maintenance and how the department handles the salting of the roadways during the winter months.

Lenz left the meeting at 11:10 AM.

Chairman Cannon called for committee reports. (Committee reports are attached to these minutes). Reports were given and items presented for follow-up or for public awareness were as follows:

Law Enforcement committee chair Patterson reported Sean McQueen had been hired as the new undersheriff. The Sheriff plans to put bids out to install a fuel barrel at the Highway Department for the use of the Sheriff's office and other county departments. This should result in a significant cost savings in fuel costs.

Rescue Squad committee chair Williams reported the Rescue squad and Dive team will be utilizing the Marathon station in Shelbyville for fuel and diesel purposes, as necessary.

There were no Chairman updates.

Chairman Cannon requested the appointment of Terry Metzger to the Eastern Illinois Economic Development Association. Metzger declined this appointment. Cannon will revisit this at the next meeting.

Bennett made motion to approve the payment of the monthly claims. Swits seconded said motion, which passed by roll call vote (18 yes, 0 no). Aye: Baker, Barr, Bennett, Chaney, Ditzler, Drnjevic, Gergeni, Hayden, Jordan, Metzger, Mulholland, Orman, Patterson, Simpson, Slifer, Swits, Tate and Williams. Nay: none. Not Voting: Cannon.

Bob Jordan announced this would be his last Shelby County Board meeting, as he and his wife are moving. Jordan has served on the board for over 30 years and was given a standing ovation and thanked for his years of service to the county.

At this time, Bennett made motion to enter into Closed Session pursuant to 5 ILCS 120/2 (C) (11), motion seconded by Tate and passed by roll call vote: Aye: Baker, Barr, Bennett, Chaney, Ditzler, Drnjevic, Gergeni, Hayden, Jordan, Metzger, Orman, Patterson, Simpson, Slifer, Swits, Tate and Williams Nay: none. Not voting: Cannon.

### CLOSED SESSION OF THE COUNTY BOARD

Williams made motion to adjourn the closed session and resume the open meeting. Bennett seconded said motion, which passed by roll call vote. Aye: Baker, Barr, Bennett, Chaney, Ditzler, Drnjevic, Durbin, Gergeni, Hayden, Jordan, Orman, Patterson, Simpson, Slifer, Swits, Tate and Williams Nay: none. Not voting: Cannon.

There was no action taken in closed session.

There was no further business to come before the Shelby County Board.

Tate made motion to adjourn until the next regular meeting to be held on November 12, 2020. Baker seconded said motion, which passed by voice vote (16 yes, 0 no) and the meeting was adjourned at 12:06 P.M.

### **Delivery and Timing**

Our ability to deliver a report is dependent upon our timely receipt of the required information. We will use reasonable efforts to meet any reasonable deadlines, but we do not provide assurance on the ability to meet deadlines. To facilitate our efforts, we request that you keep us timely informed and coordinate our schedules for important dates. We expect to complete this engagement within 6 months after receipt of all requested information.

### <u>Fees</u>

In situations of this nature, it is usually not possible to provide an accurate estimate of the total time or fees required to complete the tasks assigned. The ultimate fees depend on a variety of factors including, but not limited to, the extent and nature of the documents and information provided and positions taken by the parties, the adequacy and condition of the records, the developments that may occur as work progresses, the extent of the cooperation obtained from you and others, and various other related factors. It is our intention to work closely with you to structure our work so the appropriate personnel from our staff are assigned to the various tasks in order to keep fees at a minimum. Our fees will be based on our standard hourly rates, which currently range between \$100 and \$150 plus reasonable travel and other out-of-pocket costs incurred in providing professional Services and any applicable taxes. Our hourly rates are subject to change from time to time due to changing market conditions, and you will be responsible for our fees at the increased rates when our rates change. Based upon the information that you have provided; we anticipate that the fees for the performance of the Services will not exceed \$45,000. This fee assumes that all information will be provided to us completely and expeditiously and that no unusual or unanticipated circumstances arise in our engagement. If either of these assumptions proves to be inaccurate, we will apprise you of this fact. If unusual or unanticipated circumstances require us to expand the scope of our engagement, we will discuss this with you before beginning the additional work. For purposes of this Agreement, it is assumed that expanding the scope of our engagement will alter our anticipated fees. It is customary in matters of this nature to receive an advance payment against future billings; therefore, prior to our commencing Services relating to this engagement, we require an advance payment of \$5,000. An invoice for the advance payment is enclosed. Once the advance payment provided to us has been depleted, we will notify you to replenish such advance payment. If the advance payment is not replenished, we may suspend providing further Services until you provide an advance payment acceptable to us or until we are satisfied with alternative arrangements. Billing Engagement fees and expenses will generally be submitted monthly or periodically and are due on receipt without regard to the status or outcome of the investigation. Due to the nature of this assignment, you agree that invoices need only contain general time descriptions in blocks of daily

or weekly increments. Invoices will be directed to your attention. In the event that you disagree with or question any amount due under an invoice, you agree that you shall communicate such disagreement or questions to 2020 Forensic Accounting in writing, within thirty (30) days of the invoice date. You waive the right to do so if such disagreement or questions are not communicated to 2020 Forensic Accounting in writing within that time period. We reserve the right to charge interest on the unpaid balance that remains unpaid for more than 30 days after issuance of the invoice(s) at the rate of 1% per month. Time and expense incurred related to the collection of our invoices will be billed at our standard hourly rates. You agree that you will be responsible for all costs related to fee collection, which may include litigation and collection service fees. Collection Arrangements It is understood that in the event invoices are not paid timely for Services rendered as requested by this Engagement Letter, 2020 Forensic Accounting shall have the right to halt or terminate entirely its Services under the Agreement until payment is received on past due invoices. You acknowledge and agree that in the event that we stop work or withdraw from this engagement as a result of the failure to pay on a timely basis for Services rendered as required by this Engagement Letter, we shall not be liable for any damages that occur as a result of our ceasing to render Services. To safeguard against any assertion or allegation that our work may, in some way, be influenced by or contingent upon the outcome of this litigation, we require full payment of all fees and expenses prior to issuance of our report and opinion and prior to depositions, arbitration, or trial testimony, unless alternative arrangements have been agreed to in writing. We reserve the right to withhold written analysis and conclusions and oral testimony until full payment for our Services has been rendered. Our fees, should they exceed the payments received, remain your responsibility. You acknowledge your responsibility for the full amount of billed fees and costs.

### <u>Testimony</u>

We understand that we may be requested to provide testimony as part of this engagement at deposition, trial, or other hearings, if requested. Such testimony is expected to be provided by John Vander Burgh.

### Challenges to the Admissibility of Expert's Opinion

You hereby acknowledge that 2020 Forensic Accounting is being retained because its professionals satisfy the necessary requirements of knowledge, skill, experience, training, or education. You acknowledge that the opinions rendered by John Vander Burgh are our good faith opinions supported by a reasonable amount of research and analysis, but it is only the unbiased judgment of John Vander Burgh. Failure of our opinion to be accepted for any reason by any party, person, or government entity shall not: 1. constitute a breach of any of 2020 Forensic Accounting's duties under this agreement; 2. constitute negligence of any kind on the part of John Vander Burgh or 2020 Forensic Accounting; 3. give rise to any cause of action by the Shelby County IL Board; and 4. relieve the Shelby County IL Board of any duties. You agree to review prior to the release of our report or opinion and the rendering of any expert testimony that the anticipated report or testimony has the appropriate basis in fact and such testimony is both relevant and reliable. After your review, if you disagree with this assessment, you agree to notify us immediately, in writing, about the specifics of your disagreement.

### 13. Arbitration

The parties agree that any dispute or controversy that arises from or relates to the Agreement that cannot be resolved by the parties shall be resolved in accordance with Attachment A — Dispute Resolution Procedures.

### Attachment A

### **Dispute Resolution Procedures**

The following procedures shall be used to resolve any controversy or claim ("dispute"), as provided in our Agreement of August 24, 2020. If any of these provisions are determined to be invalid or unenforceable, the remaining provisions shall remain in effect and binding on the parties to the fullest extent permitted by law.

### Mediation

Any controversy or claim arising out of or relating to this Agreement, the Services provided by 2020 Forensic Accounting pursuant hereto (including any such matter involving any parent, subsidiary, affiliate, successor in interest, or agent of 2020 Forensic Accounting) or related fees shall first be submitted to voluntary mediation. The submission shall be made by written notice to the other party or parties. A mediator will be selected by agreement of the parties, or if the parties cannot agree, a mediator shall be designated by the American Arbitration Association ("AAA") at the request of a party. Any mediator so designated must be acceptable to all parties.

The mediation shall be conducted as specified by the mediator and agreed upon by the parties. The parties agree to discuss their differences in good faith and to attempt, with facilitation by the mediator, to reach an amicable resolution of the dispute. The mediation shall be treated as a settlement discussion and, therefore, shall be confidential. The mediator may not testify for either party in any later proceeding relating to the dispute. No recording or transcript shall be made of the mediation proceedings. Each party shall bear its own costs in the mediation. The parties shall share the fees and expenses of the mediator equally.

### Bench Trial

In the event that such differences cannot be resolved by mediation, the parties recognize that the matter will probably involve complex business issues that would be decided most equitably by a judge hearing the evidence without a jury. Accordingly, the parties, to the extent permitted by law, each knowingly, voluntarily, and intentionally waive the right to a trial by jury in any action arising out of or relating to this Agreement or the Services to be performed by 2020 Forensic Accounting pursuant hereto. This waiver applies to any legal action or proceeding whether sounding in contract, tort, negligence, or otherwise. Any legal action or proceeding related to this Agreement or the work performed or to be performed pursuant hereto shall be brought in any appropriate court in the State of Illinois.

### Arbitration

If the above jury trial waiver is determined to be prohibited by applicable law OR If a dispute has not been resolved within 90 days after the written notice beginning the mediation process

(or a longer period, if the parties agree to extend the mediation), then the parties agree that the dispute or claim shall be settled by binding arbitration. The parties agree that any dispute or controversy that arises from or relating to this Agreement that cannot be resolved by the parties shall be submitted to binding arbitration in accordance with the applicable rules, regulations, policies, and procedures of the State of Illinois. BY AGREEING TO ARBITRATION, THE PARTIES ACKNOWLEDGE THAT, IN THE EVENT OF A DISPUTE, EACH PARTY IS GIVING UP THE RIGHT TO HAVE THE DISPUTE DECIDED IN A COURT OF LAW BEFORE A JUDGE OR JURY AND, INSTEAD, IS ACCEPTING THE USE OF ARBITRATION FOR RESOLUTION.

All disputes in connection with the terms of this Agreement shall be determined by application of Illinois state law. The proceeding shall be governed by the applicable rules, regulations, policies, and procedures of the Commercial Arbitration Rules of the AAA and the Federal Arbitration Act, except that no pre-hearing discovery shall be permitted unless specifically authorized by the arbitrator. Rules are available at www.adr.org or will be provided upon request. This binding arbitration shall take place before a single arbitrator, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The arbitrator will be selected from AAA. Potential arbitrator names will be exchanged within 15 days of the parties' agreement to terminate or waive mediation, and arbitration will thereafter proceed expeditiously. If the parties cannot agree on an arbitrator, an arbitrator shall be designated by the AAA at the request of a party. The award of the arbitration shall be in writing and shall be accompanied by a well-reasoned opinion. The arbitrator shall have no authority to award nonmonetary, equitable relief and will not have the right to award punitive damages. The award issued by the arbitrator may be confirmed in a judgment by any federal or state court of competent jurisdiction. The arbitration proceeding and all information disclosed during the arbitration shall be maintained as confidential, except as may be required for disclosure to professional or regulatory bodies or in a related confidential mediation or arbitration. Each party shall be responsible for their own costs associated with the arbitration, except that the costs of the arbitrator shall be equally divided by the parties. The result of the arbitration shall be final and binding on the parties, and judgment on the arbitration award may be entered in any court having proper jurisdiction.

### William Schmitz 711 E 1150 North Road Pana, II 62557

Dear sirs or madams:

I'm 55 years old and have been a resident of Shelby County IL for 38 years of my life. I have been married for 34 years and have three children and one grandchild. I graduated from Tower Hill High School in 1983. I enlisted in the United States Air Force in 1986 and served 4 years and received an Honorable discharge in 1990. I then worked for Air Conditioned Roses in Pana from 1990 until 1996. I then entered the Corrections academy in December of 1996. I worked for the Illinois Department of Corrections from December of 1996 to March of 2018. I retired with 25 ½ years of service after purchasing my military time from the state of Illinois. I received two promotions while working for the department, the last being the rank of Lieutenant.

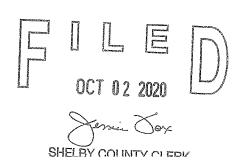

I have experience with working with a diverse group of people. I'm dedicated to any task that I am given or any that needs to be completed. My experience as an Internal Affairs Lieutenant has given me the ability to work without supervision and complete all necessary tasks that need to be done. Also, I have experience as a supervisor and have supervised individuals from all backgrounds.

I am applying for the position of Shelby County Zoning Administrator. I believe I can be an asset to the county in this capacity and will work diligently to provide quality service to the citizens of Shelby County.

Thanks for your consideration.

Sincerely,

William Schmitz

County Board Members,

The following pages include documentation of an ongoing issue with payroll for the Sheriff's department. This issue of the Treasurer's office overpaying employees for time not requested was discussed at the August Law Enforcement Committee. Since that meeting, the Treasurer's office (payroll department) has received no legal documentation or guidance regarding this issue. This subject was placed back on the Law Enforcement Committee agenda for October 1.

Given that this issue would have to be settled with approval of the full board, I felt it was time to provide the information to the board and have an open discussion. Until I have clear legal guidance and approval by the board to short an employee of documented time, I will not place taxpayers of Shelby County at risk of backpay, interest and penalties. The guidance from the Department of Labor could not assure me that would not happen and recommended legal guidance.

Thank you,

Erica Firnhaber

Shelby County Treasurer

Re: Payroll/waiver

Thank you for looking into this and we will Wait to see what Gina and the FOP come up with. Rob

I finally heard back from the Department of Labor yesterday after sending emails 6/23 and 7/10. The attached law is where I was directed. Paragraph a) specifically states records (timesheets) must be true and accurate. Doris pointed out that timesheets are legal documents. The attached Administrative Code is the exact document that was given to the board in January and the document that the board payroll policy was based on.

This being said, I did discuss with Doris the attached waiver. She stated they had never had an employee not want paid for time on a clock. She recommended that our legal team discuss this issue with the FOP union and document clarification. I asked her about this specific example: employee Smith has 32 hours over the course of a year that was waived for pay. The county has an audit from the Department of Labor. Would the waiver protect the county from back pay and fees and fines? Doris told me the matter would be investigated and turned over to a judge. She could not speak to what ruling would come down but pointed to the fact there could be penalties. She strongly recommended legal counsel and discussion with the FOP Union and having something in writing. She also stressed timesheets must be true and accurate and the fact they are a legal document. She was a bit perplexed why an employee would be on the clock and not want paid.

I have cold Gina in this email and in so doing Lam asking that a legal decision be made and documentation from the FOR.

Union be on file. It is our responsibility to protect the taxpayers from penalties and fees.

Thank you,

Nope that's fine I completely understand I have forwarded these emails to the sheriff and Tina whom are now doing payroll.

Thank you

Rob

I apologize for another email but I realized I failed to mention how payroll will be processed moving forward. Paychecks will be processed based on the time worked that is documented on the timesheets. The only time that will not be paid out will be time that is clearly documented as going to the comp time earned benefit. Until there is a legal rendering and agreement on file that assures the taxpayers of Shelby County this is a legal process we will not process payroll that does not pay employees for all documented time.

### ADMINISTRATIVE CODE TITLE 56: SECTION 210.110 DEPINITIONS

Page 3 of 4

"Governmental body" means the State and its agencies, municipalities and units of local government, and school districts.

"Hours worked" means all the time an employee is required to be on duty, or on the employer's premises, or at other prescribed places of work, and any additional time he or she is required or permitted to work for the employer.

An employee's meal periods and time spent on-call away from his/her employer's premise are compensable hours worked when such time is spent predominantly for the benefit of the employer, rather than for the employee.

An employee's travel, performed for the employer's benefit (for example, in response to an emergency call back to work outside his/her normal work hours, or at the employer's special request to perform a particular and unusual assignment, or as a part of the employee's primary duty, or in substitution of his/her ordinary duties during normal hours) is compensable work time as defined in 29 CFR 785.33—785.41 (1994, no subsequent dates or editions), as amended at 26 FR 190.

"Immediate family", as used in Section 3(d)(1) of the Act, means a person related to a subject employer either by blood, marriage or adoption and living as part of the same household. An employer who employs fewer than four employees exclusive of the employer's parent, spouse or child or other member of his immediate family is not subject to the provisions of the Act or this Part.

"Including any radio or television announcer, news editor, or chief engineer, as defined by or covered by the Federal Fair Labor Standards Act of 1938", as used in Section 4a(2)(E) of the Act, means any employee employed as an announcer, news editor, or chief engineer by a radio or television station the major studio of which is located:

in a city or town of one hundred thousand population or less, according to the latest available decennial census figures as compiled by the Bureau of the Census, except where such city or town is part of a standard metropolitan statistical area, as defined and designated by the Bureau of the Budget, which has a total population in excess of 100,000; or

in a city or town of 25,000 population or less, which is part of such an area but is at least 40 airline miles from the principal city in such area, as defined in the Fair Labor Standards Act of 1938 (29 U.S.C. 213(b)(9)) and the regulations promulgated thereunder at 29 C.F.R. Part 793 (1995, no subsequent dates or editions), as amended at 26 FR 10275.

"Individuals whose capacity is impaired by age or physical or mental deficiency", as used in Section 5 of the Act and in Subpart E of this Part, means individuals whose earning or productive capacity are impaired by a physical or mental disability, including those relating to age or injury, for the work to be performed. Disabilities which may affect earning or productive capacity include blindness, mental illness, mental retardation, cerebral palsy, alcoholism, and drug addiction. The following,

## U.S. Department of Labor wage and Hour Division

# Fact Sheet #21: Recordkeeping Requirements under the Fair Labor Standards Act (FLSA)

This fact sheet provides a summary of the FLSA's recordkeeping regulations, 29 CFR Part 516.

### Records To Be Kept By Employers

Highlights: The <u>FLSA</u> sets <u>minimum wage</u>, <u>overtime pay</u>, recordkeeping, and <u>youth employment standards</u> for employment subject to its provisions. Unless exempt, covered employees must be paid at least the <u>minimum wage</u> and not less than one and one-half times their regular rates of pay for <u>overtime</u> hours worked.

Posting: Employers must display an official poster outlining the provisions of the Act, available at no cost from local offices of the Wage and Hour Division and toll-free, by calling 1-866-4US Wage (1-866-487-9243). This poster is also available electronically for downloading and printing at <a href="http://www.dol.gov/osbp/sbrefa/poster/main.htm">http://www.dol.gov/osbp/sbrefa/poster/main.htm</a>.

What Records Are Required: Every covered employer must keep certain records for each non-exempt worker. The Act requires no particular form for the records, but does require that the records include certain identifying information about the employee and data about the hours worked and the wages earned. The law requires this information to be accurate. The following is a listing of the basic records that an employer must maintain:

- 1. Employee's full name and social security number.
- 2. Address, including zip code.
- 3. Birth date, if younger than 19.
- 4. Sex and occupation.
- 5. Time and day of week when employee's workweek begins.
- 6. Hours worked each day.
- 7. Total hours worked each workweeks
- 8. Basis on which employee's wages are paid (e.g., "\$9 per hour", "\$440 a week", "piecework")
- 9. Regular hourly pay rate.
- 10. Total daily or weekly straight-time earnings.
- 11. Total overtime earnings for the workweek.
- 12. All additions to or deductions from the employee's wages.
- 13. Total wages paid each pay period.
- 14. Date of payment and the pay period covered by the payment.

How Long Should Records Be Retained: Each employer shall preserve for at least three years payroll records, collective bargaining agreements, sales and purchase records. Records on which wage computations are based should be retained for two years, i.e., time cards and piece work tickets, wage rate tables, work and time schedules, and records of additions to or deductions from wages. These records must be open for inspection by the Division's representatives, who may ask the employer to make extensions, computations, or transcriptions. The records may be kept at the place of employment or in a central records office.

What About Timekeeping: Employers may use any timekeeping method they choose. For example, they may use a time clock, have a timekeeper keep track of employee's work hours, or tell their workers to write their own times on the records. Any timekeeping plan is acceptable as long as it is complete and accurate.

The following is a sample timekeeping format employers may follow but are not required to do so:

### Total Workweek Hours:

Employees on Fixed Schedules: Many employees work on a fixed schedule from which they seldom vary. The employer may keep a record showing the exact schedule of daily and weekly hours and merely indicate that the worker did follow the schedule. When a worker is on a job for a longer or shorter period of time than the schedule shows, the employer must record the number of hours the worker actually worked, on an exception basis.

TITLE 56: LABOR AND EMPLOYMENT
CHAPTER I: DEPARTMENT OF LABOR
SUBCHAPTER b: REGULATION OF WORKING CONDITIONS
PART 300 PAYMENT AND COLLECTION OF WAGES OR FINAL COMPENSATION
SECTION 300.630 RECORDS AND NOTICE REQUIREMENTS

### Section 300.630 Records and Notice Requirements

- Regardless of an employee's status as either an exempt administrative employee, executive or professional, every employer shall make and maintain, for a period of not less than 3 years, the following time and accurate records for each employer, the name and address the hours worked each day in each work week, the rate of pay, copies of all notices provided to the employee as required by subsection (d), the amount paid each pay period and all deductions made from wages or final compensation. Additionally, any employer that provides paid vacation to its employees must maintain, for a period of not less than 3 years, true and accurate records of the number of vacation days earned for each year and the dates on which vacation days were taken and paid.
- In the absence of employer records, a claimant may not be denied recovery of wages or final compensation on the basis that the employee is unable to prove the precise extent of uncompensated work or final compensation. An employee need only produce sufficient evidence to demonstrate the amount and extent of work or time canned as a just and reasonable inference. The employer must then produce evidence of the exact amount of work or time earned or produce evidence to negate the reasonable inferences drawn from the employee's evidence. The employer's failure to make and maintain records as required under subsection (a) shall not preclude a finding based on the information available that wages or final compensation are due, even though the award may be only approximate.
- e) Every employer shall furnish in writing to each employee an itemized statement of deductions made from wages for each pay period.
- An employer is required to notify an employee in writing, at the time of hiring, of the rate of pay. An employee commencing work shall reflect mutual assent to the rate of pay. An employer shall not change an agreement regarding the payment of wages and compensation without first notifying the employee prior to the effective date of the change. The employer shall place the arrangement in writing at the time of the change and present the change to the employee unless impossible to do so. Because of extraordinary circumstances, the immediate placement in writing may not be able to be accomplished, but this inability to do so must be immediately

- 1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.
- 2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

- 3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.
- 4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

## Managers Report

Scott reports having another busy month with mowing, keeping up with repairs and had to take the new tractor in for its first hundred hour maint. Also the mower needed to have three spindles rebuilt and still had two or three spares in the SRE building. Scott said he finally mowed around all the fences and sprayed again, so he had to purchase more chemical to keep the weeds and other growth down. The hay was cut again and cleaned up. Scott mentioned having a visitor from the National Guard from Decatur Airport and they are going to come down on the 22nd of this month to set up a temporary fueling site. They are getting ready to be deployed to the Middle East so they are going to fly in here to help get prepared before they go.

Scott said he was going to have the CEO class out on Wednesday of this week. Also there is going to be a Young Eagles rally on October 10th after some balloon activity and then there will be the Trunk or Treat in the parking lot.

Needed to replace several light bulbs including the Beacon.

Scott mentions two hangars have been emptied and new renters in them and two are still occupied and Should be out by the end of the month. Also Scott said that two of the airplanes have been purchased by people who want to keep the airplanes here. Scott then said that after doing a good job of evacuating dead beat airplanes, the new owners want to keep them here and start flying them. So now we still have a list of people wanting a hangar and no hangars available.

Scott mentions receiving a letter from Doug Wolfe, from WAND tv in Decatur addressed to the Board stating that it is a Freedom of Information Act request from WAND News in Decatur, for a news story in the public interest. Scott said the information could be sent by email and continued on with reading the requested information.

Steve asks Doug if there was a time frame on the information requested. Doug replied we had till Thursday. Steve mentions having concerns of being able to get a complete list of renters together by then because of some changes being made and then said we'd send what we could.

Rick backs up and asks Scott about the trees cut down out front and the stumps. Scott replied that he

still had more trees to cut and once all down, then bring the stump grinder in and get all the stumps at one time. Steve asks Doug if he wants it all together, that he had a list of the Commissioners he could give him then. Doug said that's fine that we could email the rest.

Rick mentions seeing an article in the paper about the Balloon Fest and about the airport and having a Young Eagles event, but last he had heard that it wasn't for sure. Scott said he had talked to the EAA chapter and thought he could get enough help to do it.

End of Managers Report

## **New Business**

Rick said that after talking to Scott the previous week about the request he had received that he made a call and talked to the Great Lakes Regional manager from the AOPA. He said he asked questions about the inquiry of paying tax on a hangar. Rick said this person was manager over eight states including Illinois and that he wasn't aware of anyone paying real-estate tax on a hangar. Rick said this person went on about all the things necessary to make the airport self sufficient. If there was a question about real-estate tax on a rented hangar, that it should be directed to the county. Doug asks Rick if he is saying that it wasn't our responsibility to make sure the taxes are collected on the hangars and Rick replied that was what he was saying.

Rick asks if there was any other new business to discuss. Jeff mentions to Scott about conversations about dumpsters and Scott mentions talking to Doty and for ten dollars more, having two totes and will keep until we have the hangars cleaned out and back to normal.

## Old Business

Rick asks about the upcoming hangar project and if we needed to get any information to them or if they had everything to get us a bid on them. Steve said he thought they did, that Waller just wanted some clarification on the type and size as long as it's 12,000 sq ft. or less.

Steve also mentioned needing to pick a time for our TIPS meeting this year, that is was going to be a virtual meeting and we needed to get online to check the times. Steve said he could only do it on Thursday afternoons and would check to see what's available. Steve mentions concerns of getting logged on correctly and Jeff said that his office had a large screen tv and camera he could come over but would have a few papers to fill out. Rick said his office is open but he might be able to work something out.

Jeff mentions the tractor tire exchange that was supposed to happen and Scott replied that it wasn't going to happen till late October if then. A short discussion ensued. Rick asks if there was any other business to address. Earl asks if the fuel pumps were working ok. Scott replied that it only messed up once with the crop dusters. Jeff clarified that being only on the Jet fuel pump and Scott verified only on the Jet A, that the 100LL was working good.

Scott mentioned that we would have a big bill from Petro Maintenance, that John McKeighan came over and changed all the filters in the Jet A pump and did the yearly maintenance on it, which is required once a year. Rick asks about the fuel surcharge and Steve said that he had received four of them so far. A short discussion followed on the smart cards and getting them recoded for new people.

Bob Jordan asks Scott how many people were on the hangar waiting list and Scott said there were five people waiting on hangars. More discussion ensued on the hangars and that it should be finalized at the TIPS meeting. Steve also mentions painting the runway should get finalized at the meeting too. A short discussion on painting the runway ensued.

John Craft of the ECW asks the commission if we knew what statute governs our airport and if we didn't know that it would be a good idea that we find out. John also said he was going to send a FOIA request for the one we are using. John said it made a difference on which one we used and went on to explain why it makes a difference. Rick asks why he was requesting it and John said because one of the statutes allows the board to sign the rent leases and pay the bills and have exclusive control over the funds. Another statute allows the board to only be an advisory board with no powers to contract and no power to spend money without approval of the county board. John went on the explain about the property tax on the leasing of hangar space. That the hangar space leased should be measured and given to the tax assessor and that the renter leasing that space should be billed for the taxes on that space or any space that is leased on the airport. John went on to explain that the county board probably fills out the annual recertification of exempt property and went on to explain what all that needed to be done and submitted with that certification. John said he would go back and ask for that recertification for the past four years. He also mentioned the same applies to farm ground leased out and who gets the income, the airport or the county. Rick asks if the county is charging themselves the tax, what would be the benefit of that.

John replies that some of the taxes goes to municipalities, to the townships, to the fire protection district, the ambulance districts and to the schools and community colleges. John went on to explain more in detail on the tax issue and how it should be handled by the supervisor of assessments and also cited some examples and why they are responsible for the property taxes. Earl asks John about how many different ways the airport could of been established and he said there are three different statutes for a county airport and the board should know which one it uses. John read out the three different statute numbers. Some discussion ensued about when the airport was formed and to find out under which statute. John said he had one final thing. If you put your information out there, and you receive a FOIA request, then you are obligated to provide the information. John went on to inform the Commission that you cannot say you don't do that, you'll have to mail it or show up at a meeting. Rick starts to ask about the request they wanted and Doug cut him off and said he sent a Facebook request because he had ask the county clerk for an email address for the airport and there wasn't any so he sent it thru Facebook and that Scott had sent it back saying he doesn't accept it that way. Rick tells Doug that his question wasn't how you send it, but what were the three things on the request. Rick reads the three request and ask Doug what his intent was. Doug replied he wanted to do a news story on it. He wanted to know who is in the hangars. Doug also wanted to know, from looking at his notes and quoting, about "Dead Beat Hangar Renters" and wanted to know if the airport had any renters not paying rent. The Commission replied there was no problem with any of the renters and their rent. Doug also ask how many hangars is the airport going to build and do you keep the old ones. The Commission replied five and yes, the airport keeps the old ones and needs more. Doug has another question about our bills, that we had one for Jet fuel pump repairs, and ask what was wrong with the pump because of some talk about a problem with the pump. Steve said it was a project a few years back and there was a problem with it. Doug ask with the metering of it and Steve said yes, so Doug ask if it wasn't metering correct how was the airport billing people for fuel. Steve replied that we were not selling it, that we shut it down because it wasn't working right. A short discussion ensued on what the cause was and how the state takes the low bid and the airport has no choice.

Doug ask if the National Guard comes in here to fuel, then will the airport be able to calculate correctly the amount of fuel they purchase. Scott tells Doug, Negative You Didn't Listen, they are bringing their own tankers down from Decatur, that we cannot legally sell to the federal government because we're not certified. John ask one more time about delinquent renters and the Commission replied "No".

Doug ask for an email to use for the airport and Steve give him his.

Steve ask how long this property tax on leased property been going on and John replied he had one going on since 2007. Steve said you would think somebody would say something, that he's never heard anything about property tax from anyone.

Rick ask about the statute and John said any of the three, you would have to pay. Hs question earlier was the power the board had or the power the county had over the board, how ever the airport was formed.

Walt made a motion to adjourn and it was seconded by Jeff.

### SHELBY COUNTY AIRPORT and LANDING FIELD COMMISSION MINUTES OF MEETING August 10, 2020

Members present at meeting:

Commissioners--Rick Brown, Steve Wempen, Walt Lookofsky, Jeff Green, John Hall County Board Members--Bob Simpson, Earl Baker, Bob Jordan Airport Manager--Scott Jefson Others Present-- Kevin Bernson

Commissioner Rick Brown calls the meeting to order.

Rick starts off the meeting with Kevin Bernson presenting his business. Kevin said he was there to talk about the Balloon Fest, that the COOP had cancelled and was not going to participate due to COVID-19 concerns. Kevin then said two local winery's were wanting to do some kind of Balloon weekend and he wanted to include the airport if we wanted, but he would need us to sign a paper stating that he was not doing this with the Coop, only with their blessing. Kevin went on to explain that Arpeggio's would have something Friday evening and Willow Ridge would have something Saturday evening.

Kevin then mentioned the possible activities that could go on and the Young Eagle flights would fit right in if we wanted to participate. Kevin then mentioned Abby Hinton that does the Haunted Trails and Trunk or Treat each year said they would like to come out to the airport and try and work in the Trunk or Treat sometime after the Young Eagle flights. Kevin ask Scott if he was still wanting to do Young Eagle flights and Scott said yes if he could get the pilots. Scott asks Kevin what all is involved in the Trunk or Treat. Kevin said fifteen businesses would come in with their cars and let kids get treats out of the trunks and that they also had other activities and went on explain some. Some discussion about the different activities followed.

Kevin then said he wasn't there for a donation but asks if we wanted to take care of the porta-a-potties. More discussion ensued on Balloon Fest and what the virus situation would be then. Rick mentioned for no longer than the Trunk or Treat would last, we wouldn't really need the expense of any port-a-potties. Kevin said if the Young Eagle flights and Trunk or Treat worked out, there could be one helicopter and Scott said he had cancelled them because the Balloon Fest had been cancelled and they have rescheduled to be somewhere else. Walt mentions doing what we can do, along with the Young Eagle flights and see what happens. Scott replied it depends on whether or not he gets any pilots. Kevin said he would keep in touch with Scott and go from there. Kevin thanked the Commission and excused himself. Jeff mentions his concerns about having it, pretty well the same concerns as why the Coop is not going to participate. A lengthy discussion on whether or not to have the flights or the Trunk or Treat ensued.

Rick makes a motion to allow the Trunk or Treat to be held at the airport. Walt seconded the motion and it was approved by all saying aye. Rick said he would call Kevin and let him know.

The minutes were read by all. Walt made a motion to approve the minutes. It was seconded by Jeff and was approved by all saying aye.

Steve mentions getting an email from Linda Schum and she said she had just received the invoice for the CARES ACT that I had sent her a month earlier, didn't know where it had been but she had approved it and sent it on for processing. We should be receiving a check for \$21,000.

Steve also said he had been communicating with Rob Waller about the next set of hangars. Rob wanted to clarify that we wanted five box hangars approximately 42'-48' X 50' and we can play with those figured as long as we keep it at 12,000 sq. ft. or less and that the doors face the south. Some discussion on the size of the hangars and the layout followed. Steve also mentioned talking to Waller about painting the runway as a project with the money we transferred to another airport so we wouldn't lose it.

The Treasurer's report was read by all. Rick made a motion to approve the Treasurer's Report. It was seconded by Jeff and approved by all saying aye.

Scott said the mowing was still going on. Scott continued with saying he took off for a week and we ran out of fuel. Scott said before leaving the airport Saturday and leaving Monday, he check the fuel and it showed we had 1125 gallon. Got a call Wednesday from Paul and were out of fuel. Scott said he told Paul to call Steve that he was in Colorado. Steve said he did a download and it showed we had around 600+ gallons, but compared the gallons from the last load plus what was in the tank with the gallons sold and the math was there, so couldn't explain it unless we didn't adjust it when sticked it before the last fill up. Steve said he didn't see any loss but zeroed it this time before getting a load and we'll see where we're at next time.

The crop dusters have been super busy, we sold a lot of jet fuel and after a busy day he would stick the jet fuel and check the numbers with the computer and they were close enough where he felt comfortable with it and he leaves the jet fuel open now. There was only one malfunction where pilot took 68 gallons and it charged him 25 cents. With the fuel flow in these newer planes the pilot new he had taken 68 gallon so we billed him for it and he was good with it.

Scott said two of the companies, one of them was from Paris that we've never had here before, said they would send us a \$75 donation for the use of the airport and then Patchett also said they would send us a donation and he's been here twice. Another company was here, Adams from Louisiana and they have a base in Stonington.

Paul painted the tires while he was gone on vacation. Scott mentions the runway needing painted. Scott mentions Bakers hangar is all cleaned out and Don Gherardini is moved in and the pipe line plane is in Gherardini's old hangar. Steve asks Scott about how to handle the rent for Baker's hangar to Gherardini and then Gherardini's to the pipeline. Scott said that's why we need to get the new lease going so we can get things straighten out. Scott mentions a couple new tenants but needs the new lease finalized that evening so we can get moving on it.

Steve asks Scott for Garrett Wasson's address Scott said he would get it.

Scott said he has talked to four people about the eviction letter but hasn't talk to one of them. Steve said he had received four receipts back but hadn't received Anthony Krause's yet.

Scott also informed the commission that the men's toilet was out of service and that he had called Steve and Steve mentioned calling Alday and have them fix it. Rick said he thought Alday was having health issues and thought it might be better to get someone else. Walt mentioned having Hardy Plumbing do some work for him and was satisfied so it was decided that we call them for the repair.

End of Managers Report Old Business

Rick mentions going over the new lease, and try and finalize it. Scott asks about item #5 not allowing a commercial operation and asks what the definition of a commercial operation is, wondering if Aerinova or the pipe line plane would be considered a commercial operation and it was decided they were not. Rick asks Scott about not allowing a project, only airworthy planes. Some discussion ensued on what is a project vs having a major time consuming repair because of unplanned damage. Rick asks about line 4 and the \$115 per hangar. Scott replied the old T-Hangars would be \$115 and the five newer T-Hangars would be \$125 per month. Walt said he removed the second sentence in item five that read, Not to rebuild an aircraft or operate a commercial operation. Rick asks Walt about the sixty days in item 6. Walt said he change that to 6 months without an airworthy airplane would result in termination of the lease.

Rick asks if there was anything else to discuss about the new lease. Steve mentioned someone, not one of the current renters, telling him there is was some people talking about the fuel surcharge and how it was going to hurt us and wondered if anyone had heard any feedback from any of the renters about the surcharge. Rick and Scott both said they hadn't and the other's said they hadn't either. Some discussion on the issue ensued.

Jeff makes a motion to accept the new lease as modified. John seconded it and it was approved by all saying aye. Scott asks Walt if he would send him the new lease and Walt said had just sent it. Scott said he would print them out and have the renters sign them as he sees them. Scott also asks about an effective date and it was set at September 1st, the beginning of our fiscal year. It was decided to set the half hangars at \$65. Scott mentions getting and email from Robert Hahn stating the cancellation of the NDB at the end of the year. Some discussion ensued on the issue. Earl asks Scott about the tires for the new tractor and Scott said he received an email that day and they've been set back to Oct. 30th. Scott asks about getting the runway painted before it freezes and Steve said he would check with Rob Waller. Some discussion followed on the matter.

Rick made a motion to adjourn and it was seconded by Walt.

**Shelby County Board Members** 

My name is Karla Schultz and I live in rural Stewardson. I have lived here for over 30 years. I vote in elections. Apparently, I have been voting for the wrong people. OUR county is a disaster. So much going on that needs addressed. I do not think I need to list those issues. I'm quite sure you are aware. Some of you have served on this board as long as I have lived here. My question is how could you let this happen? You have not led our county in the right direction. And now you will probably be asking for a increased TAX LEVY!! One a certainly am not for. You should be held accountable for your bad decisions or lack of understanding how to run a county board. You have let so many things to unnoticed and turned a deaf ear or eye over the years. It is not the taxpayer's fault for your bad decisions, lack of direction and bad spending. I have watched your meetings and they are ridiculous, unprofessional and an embarrassment to Shelby County. Especially when you are told you are doing something against the law and do it anyhow. Its time you wake up and take leadership. That is what you were voted to do. I cannot stress enough how disappointed I am of the managing of Shelby County. It is time for you to take responsibility for our future. And again a increased tax levy is not the answer to our problems. It is spending, bad management and negligence that has our county in such a bad state.
