INDEPENDENT AUDITORS' REPORT

To the County Board Members Shelby County Shelbyville, Illinois

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of the governmental activities, the discretely presented component unit, each major fund, and aggregate remaining fund information of Shelby County, Illinois as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Shelby County, Illinois, as of August 31, 2020, and the respective changes in financial position-modified cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Shelby County, Illinois' basic financial statements. The items included in the Supplementary Information sections of the report, the Single Audit section of the report, including the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), and the Illinois Grant Accountability and Transparency section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The items included in the Supplementary Information sections of the report (except for the Schedule of Revenues and Expenses – Section 5311 Operating Assistance Grant and the Schedule of Revenues & Expenses - Downstate Operating Assistance Grant), Single Audit section of the report, and the Illinois Grant Accountability and Transparency section of the report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the items included in the Supplementary Information sections (except for the Schedule of Revenues and Expenses – Section 5311 Operating Assistance Grant and the Schedule of Revenues & Expenses - Downstate Operating Assistance Grant), Single Audit section, and the Illinois Grant Accountability and Transparency section are fairly stated in all material respects in relation to the basic financial statements as a whole on the basis of accounting described in Note 1.

The Schedule of Revenues and Expenses – Section 5311 Operating Assistance Grant and the Schedule of Revenues and Expenses – Downstate Operating Assistance Grant have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated August 30, 2021 on our consideration of Shelby County, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Shelby County, Illinois' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Shelby County, Illinois' internal control over financial reporting and compliance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditors' Report

To the County Board Members Shelby County, Illinois Shelbyville, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the modified cash basis financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Shelby County, Illinois as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise Shelby County, Illinois' basic financial statements, and have issued our report thereon dated August 12, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Shelby County, Illinois' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Shelby County, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of Shelby County, Illinois' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Shelby County, Illinois financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as items 2020-001, 2020-002, 2020-003, and 2020-004, that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Shelby County, Illinois' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*, and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2020-002.

We noted other certain matters that we reported to management of Shelby County, Illinois in a separate letter dated August 30, 2021.

Shelby County, Illinois' Response to Findings

Shelby County, Illinois' response to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Shelby County, Illinois' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Shelby County, Illinois' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

To the County Board Members Shelby County, Illinois Shelbyville, Illinois

Report on Compliance for Each Major Federal Program

We have audited Shelby County, Illinois' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Shelby County, Illinois' major federal programs for the year ended August 31, 2020. Shelby County, Illinois' major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Shelby County, Illinois' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America: the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Shelby County, Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Shelby County, Illinois' compliance.

Opinion on Each Major Federal Program

In our opinion. Shelby County, Illinois complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2020.

Report on Internal Control Over Compliance

Management of Shelby County, Illinois is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Shelby County, Illinois' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Shelby County, Illinois' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Supplementary Information

(Part 1 of 2)

SHELBY COUNTY, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* (GASB No. 34), which established new requirements and a new reporting model for the annual financial reports of governments. The objective of the MD&A section is to enhance the understandability and usefulness of the basic financial statements. The MD&A should be read as an addendum to other information presented in the financial statements such as the Notes to the Financial Statements.

The financial statements incorporate the Shelby County Office of Tourism as a discretely presented component unit per GASB Statement No. 61. The Shelby County Airport Commission and the Shelby County Health Department are included as blended units of the County.

Condensed financial statements shown in the MD&A are presented for the primary government only, and exclude the component unit. Therefore, the primary government referred to in the MD&A statements for Governmental activities is comprised of the County, the Airport Commission and the Health Department.

FINANICAL HIGHLIGHTS

- Grant expenditures with COVID-19 awards totaled \$354,331. Receipts in FY20 for these grants totaled \$93,870, leaving \$260,461 to be received after year end.
- Investments in certificates of deposit lead to an increase in interest received of approximately \$76,700 compared to the prior year.
- Tax receipts, not including property taxes, increased \$290,537 (12%).

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's basic financial statements include 1) government-wide financial statements, 2) governmental and fiduciary fund financial statements, and 3) notes to the financial statements. The basic financial statements also contain supplementary information.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Government-wide financial statements provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. The two government-wide statements are prepared on the modified cash basis of accounting and are explained below. Any internal activities within activity type in the government-wide financial statements have been eliminated or reclassified.

The Statement of Net Position - Modified Cash Basis includes the County's total assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position can serve as a useful indicator of whether the financial position of the County is improving or deteriorating. A condensed version of this statement for governmental activities is presented in the MD&A.

The Statement of Activities - Modified Cash Basis reports how the County's net position changed during the fiscal year. An important purpose of the design of the statement of activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Both government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues. Governmental activities of the County include general government, indemnity, public safety, corrections, judiciary, public works/transportation, and health and welfare.

FUND FINANCIAL STATEMENTS

The fund financial statements provide detailed information about significant funds available for appropriation. Fund accounting ensures compliance with finance-related legal requirements. The County has the following two types of funds:

Governmental Funds - Most of the County's basic services are included in governmental funds. The fund statements focus on (1) cash and financial assets that can readily be converted to cash flow and (2) the balances remaining at year-end that are available for spending. The governmental funds financial statements provide a detailed short-term view. The General Fund is the main operating account of the County and the largest of the governmental funds. Fund income is comprised of various sources for non-dedicated purposes. Other major governmental funds include the County Health Fund, the County Highway Fund, the Mental Health Fund, and the Rural Transportation Fund. Remaining governmental funds, which include special revenue funds are considered non-major governmental funds.

<u>Fiduciary Funds</u> - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs. The County's fiduciary funds consist of private-purpose trust funds and agency funds, which are used to account for monies received, held, and disbursed, as required by statute.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

On the following condensed statement, net position is calculated as total assets less total liabilities. Assets are distinguished as capital assets and the remainder as current and other assets. Liabilities are classified as long-term (average maturity of greater than one year) and the remainder as current liabilities. Per generally accepted accounting principles, net position is subdivided into three categories: net investment in capital assets, restricted net position, and unrestricted net position. The County reported \$6,453,727 and \$6,188,385 of restricted net position as of August 31, 2020 and 2019, respectively. Net position may serve over time as a useful indicator of a government's financial position. The governmental net position was \$28,499,049 and \$28,346,561 as of August 31, 2020 and 2019, respectively.

Following is a separate Summary of Net Position - Modified Cash Basis as of August 31, 2020 and 2019, for Governmental Activities:

SUMMARY OF NET POSITION - MODIFIED CASH BASIS GOVERNMENTAL ACTIVITIES August 31,

| - | 2020 | 2019 |
|---|---|---|
| Current and other assets Capital assets, net of accumulated depreciation | \$ 10,762,098 17,902,742 | \$ 10,012,029 18,455,301 |
| Total assets | 28,664,840 | 28,467,330 |
| Short-term liabilities Long-term liabilities | 121,378 44,413 | 110,769 |
| Total liabilities | 165,791 | 110,769 |
| Net Position: | | |
| Net investment in capital assets Restricted for insurance Restricted for employees' retirement Restricted for public safety Restricted for public works and transportation Restricted for health and welfare Restricted for other purposes Unrestricted | 17,851,714 545,638 1,088,625 493,803 1,328,318 2,003,757 993,586 4,193,608 | 18,445,301 737,912 1,031,249 451,279 894,431 2,213,021 860,493 3,712,875 |
| Total net position | \$ 28,499,049 | \$ 28,346,561 |

Sixty-three percent of the County's Government-wide total net position reflect investment in capital assets such as land, buildings, machinery, and equipment, less any related outstanding debt used to acquire those assets as of August 31, 2020 compared to 65% as of August 31, 2019. The County uses these capital assets in operations and, consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net position may be used to meet the County's ongoing obligations. As of August 31, 2020 and 2019, the County had positive balances in all categories of net position for the governmental activities. The County's overall financial position increased \$152,488 during fiscal year 2020.

The following statement is a condensed version of the Changes in Net Position - Modified Cash Basis for Governmental Activities:

SUMMARY OF CHANGES IN NET POSITION - MODIFIED CASH BASIS For the year ended August 31,

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County's governmental funds provide information on near-term inflows, outflows, and balances of spendable resources. The unreserved fund balance indicates the net resources available for spending at the end of the fiscal year. It is a particularly useful indicator of net resources. When coupled with future resources, these resources shape the programs and the disbursements in future years. Per the Statement of Revenues Received, Expenditures Disbursed and Changes in Fund Balances, the County's governmental funds reported a combined fund balance of \$10,647,335 and \$9,901,260 as of August 31, 2020 and 2019, respectively. Of the balance as of August 31, 2020, \$6,453,727 is restricted due to external limitations on its use, such as by debt covenants, legal restrictions, or intention of grantors, donors, or trustees. A total of \$6,624 of fund balance is considered non-spendable because it has been used for real estate tax stamp inventory. \$46,662 is considered committed for health insurance. A total of \$2,081,799 has been assigned meaning there are limitations resulting from its intended use, such as construction of capital assets, payment of debt service, and for other purposes. The remaining \$2,058,523 is unassigned and can be used for any lawful purpose.

The fund balance for all governmental funds at the fiscal years ended August 31, 2020 and 2019 had a net change in fund balance of \$746,075 and a negative change in fund balance of (\$1,437,544), respectively.

Per the Statement of Revenues Received, Expenditures Disbursed and Changes in Fund Balance, total governmental receipts for the fiscal years 2020 and 2019 were \$12,644,595 and \$11,096,482, respectively and total disbursements were \$11,951,681 and \$12,555,647, respectively. A majority of the County's increase in change in fund balance is due to an approximately \$1,500,000 increase in revenue and a \$600,000 decrease in expenditures from 2019 to 2020. Increases in the revenues include approximately \$300,000 in property tax receipts, \$200,000 in motor fuel taxes, \$200,000 in state assistance, and \$600,000 in federal assistance (mostly capital development block grant). A significant portion of the decrease in expenses was due to approximately \$1,000,000 of capital expenditures in the prior year that did not occur this year, \$200,000 less of additional IMRF payments, offset by increased grant expenditures and increased payments to Shelby County Community Services. The capital expenditures during the fiscal year ended August 31, 2019 included the courthouse roof project and various vehicle purchases that did not occur this year.

GENERAL FUND

The County Board concentrates its financial oversight on the General Fund because it is the core operating fund and allows the most discretion in allocations. At the end of the current fiscal year, unassigned fund balance of the general fund is \$2,058,523, while total fund balance is \$2,740,487. As a measure of the general fund's liquidity, it may be useful to compare the unassigned fund balance and total fund balance to total fund expenditures and other financing uses. Unassigned fund balance represents 41 percent of total general fund expenditures and other financing uses, while total fund balance represented 55 percent of that same amount. For the year ended August 31, 2020, receipts of \$5,182,243 less disbursements of \$4,939,408 resulted in an increase in revenues received over expenditures disbursed of \$242,835. After the other financing uses of (\$125,793), the result was a net increase in the General Fund fund balance of \$117,042. For the year ended August 31, 2019, receipts of \$4,800,773 less disbursements of \$6,032,376 and net transfers of (\$79,565) resulted in a net decrease in fund balance of \$(1,311,168).

The largest receipt sources for the General Fund are property taxes, sales taxes, and income taxes which account for 72 and 73 percent of receipts for the years ended August 31, 2020 and 2019, respectively. General government and public safety are the primary operations of the General Fund. Approximately 82 and 71 percent of the General Fund's disbursements are for general government and public safety activities for the years ended August 31, 2020 and 2019, respectively.

COUNTY HEALTH FUND

The largest source of revenues received for the County Health Fund are property taxes, charges for services, and federal and state grant receipts from State of Illinois agencies which account for 95 percent of receipts for each of the years ended August 31, 2020 and 2019. The County Health Fund's basic purpose is the protection and improvement of the public health in the County.

COUNTY HIGHWAY FUND

The largest source of revenues received for the County Highway Fund are property taxes, federal and state grants and motor fuel tax which accounts for 89 and 88 percent of receipts for the years ended August 31, 2020 and 2019, respectively. The County Highway Fund accounts for the maintenance and construction of roads and bridges in the County.

MENTAL HEALTH FUND

The largest source of revenues received for the Mental Health Fund is property taxes which accounts for 92 and 94 percent of receipts for the years ended August 31, 2020 and 2019, respectively. The Mental Health Fund's basic purpose is to provide for the community health facilities and services for the mentally challenged in the County.

RURAL TRANSPORTATION

The largest source of revenues received for the Rural Transportation Fund are federal and state grants which accounts for almost 100 percent of receipts for the years ended August 31, 2020 and 2019. The Rural Transportation Fund provides public transportation for the residents of multiple counties, including Shelby County.

BUDGETARY HIGHLIGHTS

The County prepares an estimate of revenues and a budget for the General Fund and all of the Special Revenue Funds using the modified cash basis of accounting. The County's Fiduciary Funds are not required to prepare budgets. The General Fund's actual receipts were more than budgeted amounts by \$566,023 and actual disbursements were less than budgeted amounts by \$555,063, resulting in a positive budget variance of \$1,121,086. Amendments to the general fund budget totaled \$125,524. The Supplementary Information (Part 2 of 2) section contains the Budgetary Comparison Schedule - Modified Cash Basis for the General Fund, County Health Fund, County Highway Fund, Mental Health Fund, and Rural Transportation Fund.

CAPITAL ASSETS AND DEBT ADMINISTRATION

RECONCILIATION OF THE STATEMENT OF REVENUES RECEIVED, EXPENDITURES DISBURSED, AND CHANGES IN FUND BALANCES – MODIFIED CASH BASIS TO THE STATEMENT OF ACTIVITIES - MODIFIED CASH BASIS GOVERNMENTAL FUNDS

For the year ended August 31, 2020

Net change in fund balance - total governmental funds

746,075

\$

The change in net position reported for governmental activities in the Statement of Activities - Modified Cash Basis is different due to:

The issuance of long-term debt provides current financial resources to governmental funds while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Current year loan proceeds
Current year principal retirement

(53,161)

2,133

Governmental funds report capital outlays as disbursements; however, in the Statement of Activities - Modified Cash Basis the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In addition, in the Statement of Activities - Modified Cash Basis, only the gain on the disposal of property and insurance related income is reported, where as in the governmental funds, the proceeds from the disposal of capital assets and insurance recoveries increase financial resources. Thus, the change in the net position differs from the change in fund balance by the carrying amount of the assets sold.

Current year capital outlays capitalized
Current year depreciation expense on capitalized assets
Gain on trade-in of non-capitalized equipment

Change in net position of governmental activities

SHELBY COUNTY, ILLINOIS NOTES TO FINANCIAL STATEMENTS August 31, 2020

Note 1 - Summary of Significant Accounting Policies

Shelby County, Illinois was created on January 23, 1827 by an act of state legislature. The County is governed by an elected 22 member board and provides the following services: public safety, tax collection, highways and streets, health and social services, public improvements, planning and zoning, airport operations, corrections, public records, and general administration.

A. Reporting Entity

The accompanying financial statements present the County's primary government and component units over which the County exercises significant influence. Component units are legally separate organizations for which the elected officials of Shelby County are financially accountable. Shelby County would be considered financially accountable if it appoints a voting majority of the organization's government body and (1) it is able to impose its will (significantly influence the programs, projects, activities, or level of services performed or provided by the organization) on the organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on Shelby County (i.e., entitled to or can access the organization's resources, is legally obligated or has otherwise assumed the obligation to finance deficits of, or provide financial support to the organization, or is obligated in some manner for the debt of the organization). If an organization is fiscally dependent on Shelby County, the County is considered financially accountable regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

The County's reporting entity includes the County's governing board and its component units for which the County is financially accountable under the definition described above. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the County.

Blended Units

Shelby County Airport Commission (SCAC)

Financial reporting for the Shelby County Airport Commission (SCAC) is blended with the primary government financial statements. The SCAC operates a landing field. Three members of the Shelby County Board serve as trustees of the SCAC. SCAC assets and activities are reported in the Airport Special Revenue Fund.

Shelby County Health Department (SCHD)

The County board members appoint the Shelby County Health Board and approve the appropriations for the SCHD. In addition, the County Treasurer's office maintains the accounting records of the SCHD. The payroll of the SCHD is included with and processed with the County's payroll. The SCHD funds have been included in the County's reporting entity as special revenue funds.

Note 1 - Summary of Significant Accounting Policies (continued)

A. Reporting Entity (continued)

Discretely Presented Component Unit

The discretely presented component unit included in the County's financial statements is the Shelby County Office of Tourism (SCOT). The SCOT encourages and promotes tourism in the Shelby County area. All members of the SCOT board are selected by the chairman of the Shelby County Board and approved by the Shelby County board members. SCOT employees manage the assets and maintain the accounting records and payroll records for SCOT. The SCOT does not issue separate financial statements.

B. Related Organizations

The County Board Chairman and County Board make appointments of the governing boards of a number of fire protection, drainage and other districts. Even though the County Board may appoint a majority of the members of the respective districts, the members do not serve at the discretion of the County Board, that is, they can be removed only for cause. There are no indications that the County Board can impose its will over these districts and, therefore, has no financial accountability. These units are not considered units of Shelby County, Illinois.

C. Basis of Presentation

The County's basic financial statements include both the government-wide and fund financial statements. The County's general and special revenue funds are classified as governmental activities. The County does not have any enterprise or internal service funds to report.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column. Fiduciary fund assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government.

The government-wide financial statements (i.e., the statement of net position-modified cash basis and the statement of activities-modified cash basis) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Shelby County does not have any business-type activities. Likewise, the primary government is reported separately from its legally separate component unit for which the primary government is financially accountable.

Note 1 - Summary of Significant Accounting Policies (continued)

C. <u>Basis of Presentation (continued)</u>

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and (2) operating and capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program receipts are reported instead as general receipts.

D. Fund Accounting

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, receipts, and disbursements. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are summarized by type in the basic financial statements. The following fund types are used by the County:

Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use and balances of the County's expendable financial resources and the related current liabilities are accounted for through governmental funds. The measurement focus is on determination of "financial flow." The county's major governmental funds are:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The County Health Fund is used to account for receipts and disbursements pertaining to the general operation of the Shelby County Health Department. The basic purpose of the Department is the protection and improvement of the public health in the County.

The County Highway Fund is used to account for receipts and disbursements pertaining to the general operation in the Shelby County Highway Department. The basic purpose of the Department is the maintenance and construction of roads and bridges in the County.

The *Mental Health Fund* is used to account for receipts and disbursements pertaining to the support of mental health. The basic purpose of the fund is to provide for the community health facilities and services for the mentally challenged in the County.

The Rural Transportation Fund is used to account for receipts and disbursements pertaining to Rural Transportation. The basic purpose of the fund is to provide public transportation for the residents of multiple counties, including Shelby County.

Note 1 - <u>Summary of Significant Accounting Policies</u> (continued)

D. Fund Accounting (continued)

Fiduciary Funds

Fiduciary funds include private-purpose trust and agency funds. Private-Purpose Trust Funds are used to report all trust agreements under which principal and income benefit individuals, private organizations, or other governments. Shelby County's trust funds include drainage districts, township highway and bridge funds, inmate commissary, and funds required to be held by the Circuit Clerk's office. Agency funds are purely custodial (assets equal liabilities) and thus, do not involve measurement of results of operations. Agency funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

Shelby County's agency funds include funds used in the County's property tax collection, distribution and settlement process. GASB 34 requires the portion of these account balances pertaining to other funds of the County to be reported in the County funds; however, due to the timing of tax collections and the County's fiscal year end, this allocation is not made.

E. Basis of Accounting

Basis of accounting refers to when receipts and disbursements are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the modified cash basis of accounting. Receipts are recorded when received and disbursements are recorded when checks are written. Capital assets are capitalized when purchased and depreciation is recognized over the estimated useful lives of the assets. Long-term liabilities are recognized when cash proceeds are received or the liabilities are incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified cash basis of accounting. Receipts are recorded when received and expenditures are recorded when checks are written. Only assets representing a right to receive cash arising from a previous payment of cash are recorded as assets. In the same manner, only liabilities resulting from previous cash transactions are recorded as liabilities.

Financial statements prepared on the modified cash basis of accounting are not intended to present financial position and results of operations in accordance with accounting principles generally accepted in the United States of America.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 1 - Summary of Significant Accounting Policies (continued)

F. Budgets and Budgetary Accounting

Shelby County follows these procedures in establishing the budgetary data reflected in these financial statements:

- 1. Prior to September 1, a proposed operating budget is prepared for the general fund and special revenue funds. This operating budget includes proposed disbursements for each line item in the general fund and major disbursement categories in the special revenue funds, and the proposed amount of real estate taxes to levy. No formal budgets are prepared for any funds other than the general fund and special revenue funds.
- 2. Public hearings are conducted through July and August to obtain taxpayer comments.
- 3. In September, the budget is legally enacted through the passage of an appropriation ordinance and a tax levy ordinance.
- 4. Budgets are adopted on the modified cash basis of accounting.
- 5. Budgets lapse at year end. Shelby County reappropriates the following year any unperformed contracts, commitments or any other encumbrances.
- 6. The County board determines any amendments that may be made to the budget. Evaluation and financial control is also determined at the County board level.
- 7. Formal budgetary integration is employed as a management control device during the year.

The original budget was adopted on September 11, 2019, the final budget on August 12, 2020. Both original and final amended budgets are presented as approved by the County board.

G. Cash and Cash Equivalents

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

H. Investments

In accordance with the modified cash basis of accounting, investments are recorded at cost rather than at fair value as required by GASB Statement No. 72, Fair Value Measurement and Application. Gains or losses on the sale of investments are recognized upon realization. The County has adopted a formal written investment policy. The County's investments consist of certificates of deposits with an original maturity greater than three months.

Note 1 - Summary of Significant Accounting Policies (continued)

I. Inventory

The County does not maintain inventories of supplies and materials with the exception of the value of the real estate tax stamps as held by the County Clerk's office. The tax stamp inventory is reported at cost using the specific identification method.

J. <u>Interfund Receivables and Payables</u>

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" on the governmental funds statement of assets, liabilities and fund balance - modified cash basis. Intrafund receivables and payables reported in the combining statements are receivables and payables within the funds.

K. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, (e.g., roads, bridges, and similar items) are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 (amounts not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. The County does not capitalize in-house engineering services provided in connection with road and bridge projects.

Property, plant, and equipment of the County, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|--|-------|
| Buildings and improvements | 10-50 |
| Land improvements | 15 |
| Equipment and vehicles | 3-10 |
| Infrastructure - highways, bridges, etc. | 20-50 |
| Law enforcement canine | 8 |
| Orthoimagery | 5 |

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, if applicable.

L. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statements of net position-modified cash basis. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds.

Note 1 - Summary of Significant Accounting Policies (continued)

L. Long-Term Obligations (continued)

In the fund financial statements, governmental fund types recognize the face amount of debt issued as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

M. Interfund Transfers

The interfund transfers shown in the financial statements are categorized as operating transfers. Operating interfund transfers are those routine kinds of transfers made between funds due to the unique relationships between the funds involved. These transfers have not been recorded as loans with interfund repayment requirements. Intrafund transfers reported in the combining statements are transfers within the funds.

N. Fund Equity

Fund Balances

Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, requires fund balances on the governmental fund financial statements to be classified into five major classifications: nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance.

1. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

2. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

3. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the County Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

Note 1 - Summary of Significant Accounting Policies (continued)

N. Fund Equity (continued)

3. Committed Fund Balance (continued)

The County Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

4. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the County Board itself or (b) by an official or body to which the governing body delegates the authority.

At August 31, 2020, the County had the following assigned governmental fund balance classifications:

| | County General | | inty alth | County ghway | _ | ∕lental Health | Other Funds |
|-----------------------------|-------------------|--------|--------------|-----------------|----|-------------------|----------------|
| General government | \$ - | \$ | | \$ - | \$ | - | \$ 32,917 |
| Indemnity | - | | - | - | | - | 4,892 |
| Public safety | - | | - | - | | - | 12,450 |
| Judiciary | - | | - | - | | - | 513 |
| Public works/transportation | - | | - | 30,259 | | - | 101,016 |
| Health and welfare | - | 1,7 | 28,954 | - | | 75,176 | 12,582 |
| Capital improvement | 83,040 | | - | | - | | |
| | | | | | | | |
| | \$ 83,040 | \$ 1,7 | 28,954 | \$ 30,259 | \$ | 75,176 | \$ 164,370 |

5. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the general operating funds for amounts that have not been restricted, committed, or assigned to specific purposes within the individual funds.

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Note 1 - <u>Summary of Significant Accounting Policies</u> (continued)

N. Fund Equity (continued)

Net Position

In the government-wide financial statements, net position represents the difference between assets and liabilities. Net position invested in capital assets consists of capital assets, net of accumulated depreciation, less outstanding principal of related debt. Restricted net position has a limited use due to restrictions imposed by outside third-parties, such as creditors or grantors, or restrictions imposed by law through enabling legislation.

Note 2 - Property Taxes

Property taxes are levied by the Shelby County Board and are collected by the Shelby County Treasurer.

Property tax revenues are recognized when they are received on the modified cash basis of accounting. Taxes levied and uncollected are not carried as an asset of the related fund.

Property taxes collected in calendar years 2019 and 2020 attached as an enforceable lien on property as of January 1, 2018 and 2019, respectively. These taxes were required to be levied by the County prior to the last Tuesday in December. The 2018 and 2019 levies were adopted by the County in September, 2018 and November, 2019. Property taxes were due from property owners in two installments, typically due in June and September. The due dates during the year ended August 31, 2020 include one due date each for the 2018 and 2019 levies, September 10, 2019 and June 23, 2020, respectively. The property tax receipts for the year ending August 31, 2020, as shown in the financial statements, consist of two distributions from the 2018 levy and one distribution from the 2019 levy. Property taxes are distributed from July through December.

Taxes become a lien against property if not paid by the date of the tax sale. Shelby County's tax sale was held on October 31, 2019.

The Property Tax Extension Limitation Law of the State of Illinois, as amended (PTELL), limits the amount of annual increase in property taxes to be extended for certain Illinois non-home rule units of government, including Shelby County. In general, the PTELL restricts the amount of a property tax extension increase to the lesser of 5% or the percentage increase in the Consumer Price Index for Urban Consumers during the preceding calendar year. Tax levies may also be increased due to assessed valuation increases from new construction, referendum approval, and consolidation of local government units.

The effect of the PTELL is to limit the growth of the amount of property taxes that can be extended for a taxing body. The PTELL was effective for Shelby County for property taxes levied after 2000.

Note 2 - Property Taxes (continued)

The following are the assessed valuations and tax rates applicable to the various levies per \$100 of assessed valuation for the property tax collections included in these financial statements:

| | 2019 Maximum | 2019 | 2018 Levy |

Extension Education tax levy is a part of the total County rate. The revenues are paid directly to the Extension Education Office and are not included in the County property tax total.

Note 3 - Cash and Investments

The carrying amounts of cash and cash equivalents and investments as of August 31, 2020 consisted of the following:

| | Governmental Activities | | · · · · · · · · · · · · · · · · · · | | Fiduciary Funds | | |

Investments Authorized by Illinois Compiled Statutes and the County's Investment Policy

The County is allowed to invest in securities as authorized by 30 ILCS 235/2 and 235/6 of the Illinois Compiled Statutes. The County's investment policy is consistent with Illinois Compiled Statutes.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The County's investment policy does not specifically address interest rate risk; however, one of the ways that the County manages its exposure to interest rate risk is by limiting its purchases of long term investments. At August 31, 2020 the County's investments were deposits in financial institutions. None of the County's investments are highly sensitive to interest rate fluctuations.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's investment policy requires the Treasurer to use investments approved for governmental units as set forth in the most current issue of the Illinois Compiled Statutes including Securities Exchange Commission registered and AAA rated by Fitch and Standard & Poor's mutual funds consisting of U.S. Government Treasuries. The County's deposits with financial institutions are not subject to credit risk rating.

Note 3 - <u>Cash and Investments (continued)</u>

Concentration of Credit Risk

The investment policy of the County contains no limitations on the amount that can be invested in any one issuer.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Illinois Compiled Statutes and the County's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits. The County's investment policy leaves to the discretion of the Treasurer whether or not collateral will be required of financial institutions receiving County funds.

As of August 31, 2020, the bank balances of the County's cash deposits were \$19,101,676 of which \$952,222 was secured by insurance and \$18,149,454 was collateralized with securities held by the pledging financial institution. The bank balances of the component unit's cash deposits were \$83,864, all of which were secured by insurance.

Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair values of an investment or deposit. None of the County's investments are directly subject to foreign currency risk. The County's investment policy does not address foreign currency risk.

Note 4 - Other Asset - Capital Contribution

In connection with the County's partially self-funded contract for employee health insurance, the County was required to make a capital contribution in prior years which is presented as another asset. The amount of the contribution, \$46,662, is not government guaranteed or insured and is subject to investment risks, including the possible loss of the total principal amount. At the end of any underwriting year, the County may discontinue participation in the program which will entitle them to a return of the funds in their capital account.

Note 5 - Capital Assets

Capital assets activity for the year ended August 31, 2020 was as follows:

Legal Debt Margin

The County has a statutorily imposed legal general obligation bond limit of 5.75% of its total assessed valuation. That limit is approximately \$24.6 million leaving \$24.6 million remaining.

Note 7 - Retirement Plans

Shelby County participates in two retirement systems; the Illinois Municipal Retirement Fund (IMRF) and Social Security. Employees who meet prescribed annual hourly standards are members of IMRF.

A. Illinois Municipal Retirement Fund

IMRF Plan Description

The County's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The County's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriffs Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011. The ECO plan was closed to new participants after that date.

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier I benefits. Tier I employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier I employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1- 2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Note 7 - Retirement Plans (continued)

A. <u>Illinois Municipal Retirement Fund (continued)</u>

Benefits Provided (continued)

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lessor of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2019, the following employees were covered by the benefit terms:

| Regular Plan | IMRF |
|---|------|
| Retirees and Beneficiaries currently receiving benefits | 85 |
| Inactive Plan Member entitled to but not yet receiving benefits | 44 |
| Active Members | 72 |

Contributions

As set by statute, the County's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's annual contribution rate for calendar year 2020 and 2019 was 10.34% and 8.44%, respectively. For the fiscal year ended August 31, 2020, the County contributed \$332,508 to the plan. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

As set by statute, the County's ECO Plan Members are required to contribute 7.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. No ECO wages were paid during calendar year 2019 or fiscal year 2020; however, for 2020 and 2019 the County was required to make a monthly minimum contribution of \$11,467 and \$15,652, respectively, and they also contributed a discretionary amount of \$300,000. For the fiscal year ended August 31, 2020, the County contributed \$458,530 to the plan. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

As set by statute, the County's SLEP Plan Members are required to contribute 7.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's annual contribution rate for calendar year 2020 and 2019 was 13.22% and 9.92%, respectively. For the fiscal year ended August 31, 2020, the County contributed \$93,915 to the plan. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

B. Social Security

Employees not qualifying for coverage under the Illinois Municipal Retirement Fund are considered "non-participating employees." These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The County paid \$310,286, the total required employer contribution for the current year.

Note 8 - Other Post-Employment Benefits

A. Retiree Health Insurance

The County provides post-retirement health care benefits for the retirees and their dependents. All retirees are eligible to continue their health coverage under the County's health insurance plan. The retirees are responsible for the entire premium payment to secure coverage. The County finances the plan on a pay-as-you-go basis up to \$27,500 per calendar year. The unfunded actuarial liability has not been determined as of August 31, 2020.

Plan Description

The County administers a partially self-funded healthcare plan. The employees who contribute to IMRF are eligible for post-retirement medical coverage. The plan does not issue a separate publicly available financial report.

Funding Policy

The contribution requirement of the County may be amended by the County board. Current policy is to pay for post-retirement medical and insurance benefits or premiums as they occur. The County requires retirees to contribute 100% of the premium for their desired coverage. The premiums are established for the retiree group, and range from \$850 to \$900 per month for individual coverage. Although, with regard to retirees, this amount contains an implied rate subsidy by the County through the blended premium covering all current employees and retirees, there is no actuarial valuation performed to determine the amount of such subsidy.

Due to the structure of the partially self-funded health insurance plan, the County could incur additional benefit cost for claims of retirees.

Contributions Made

Because the retiree insurance premium established is paid entirely by retiree contributions, there is no net cash outflow by the County related to these benefits when paid. Therefore, there are no modified cash-basis expenditures reported by the County in regard to the plan benefits for retirees.

B. Sheriff's Surviving Spouse

The County has committed to provide eleven months of the former Sheriff's surviving spouse's health insurance annually. The benefit is being provided in accordance with Illinois statutes regarding disability of law enforcement officers disabled in the line of duty. When the parties become Medicare eligible, the provided coverage shall be reduced to a Medicare supplement. If the surviving spouse secures employment that provides health insurance, Shelby County's insurance coverage will terminate. The benefits are not advance funded; therefore, they are expensed in the period paid. The County recognized expenditures of \$9,750 in the General fund during the year ended August 31, 2020, for this benefit. The benefit commenced in September, 2006.

Note 9 - Required Individual Fund Disclosures

Accounting principles generally accepted in the United States of America require disclosure, as part of the financial statements, of certain information concerning individual funds including:

A. Individual Fund Interfund Receivable and Payable Balances

The general fund loaned \$36,640 to the IMRF fund to cover the August 2020 IMRF liability. It was repaid in September 2020.

B. Transfers within the Reporting Entity

The composition of interfund transfers for the year ended August 31, 2020 is as follows:

| | Tra | insfers In | Transfers Out | | |
|-----------------------------|-----|------------|---------------|---------|--|
| MAJOR FUNDS: | | | | | |
| GENERAL FUND: | | | | | |

| Total Special Revenue Funds | | 138,736 | | 12,943 | |
| Total | \$ | 138,736 | | 138,736 | |

Interfund transfers are necessary to remit fees collected from the fee offices to the respective special revenue funds. In addition, a transfer out was made from the Drug Traffic Prevention fund to create a new fund, Shop with a Cop.

Note 10 – Insurance

In accordance with PA91-0628, an analysis of the County's tort immunity activity is as follows:

| Tort Immunity Receipts | |
|---------------------------------|---------------|
| Property tax collected | \$ 33_ |
| | |
| Tort Expenditures | |
| Commercial liability insurance | 152,157 |
| Unemployment tax | 10,173 |
| Workers' compensation insurance | 29,977 |
| | |
| Total expenditures | 192,307 |
| | |
| Expenditures over receipts | (192,274) |
| | |
| Restricted, beginning | 737,912 |
| | |
| Restricted, ending | \$ 545,638 |
| | |

Note 11 - Risk Management

The County is exposed to various risks of loss including but not limited to, general liability, property casualty, auto liability, workers' compensation, and public official liability. To limit exposure to these risks the County purchased commercial insurance for all coverages except for workers' compensation.

Shelby County participates in The Illinois Public Risk Fund (IPRF), Illinois' largest self-insured pool, for workers' compensation coverage. The County has pooled their workers' compensation exposures with over 500 public entities and governmental agencies. Members of the pool must be public entities or governmental agencies located within the State of Illinois, are required to participate in a loss prevention and claims management program, and must have favorable loss experience and be approved by the Board of Trustees of the Fund. A Board of Trustees elected by Fund participants oversees the operation of the Fund and governs it in accordance with State of Illinois rules and guidelines. Eighty percent of each IPRF premium dollar is added to the loss fund while 20% is allocated to the purchase of excess insurance and administration costs. All investment earnings accrue to the fund. Profits are based on the underwriting surplus realized by the group and members share in the surplus based upon individual and overall member claims experience.

There has not been a significant reduction in the County's insurance coverage as of August 31, 2020. Also, there have been no settlement amounts which exceeded insurance coverage in the past three years.

Note 12 - <u>Due to Other Governmental Units</u>

The Due to Other Governmental Units shown in the Primary Government column in the Statement of Net Position-Modified Cash Basis and in the general fund column of the Statement of Assets, Liabilities and Fund Balance - Modified Cash Basis in the amount of \$49,598 represents fines and fees collected by the County Circuit Clerk's Office. These funds are assessed by the court on individuals, and remitted to applicable external government units in the subsequent month.

Note 13 - CEFS Agreement

Shelby County is the grant recipient of a Rural Transportation Program Section 18 Operating Assistance Grant. The grant represents federal funding from the Urban Mass Transportation Administration and is passed through the Illinois Department of Transportation to the County. There is a third party agreement between Shelby County and five other participating counties - Clay, Montgomery, Fayette, Moultrie, and Christian.

The Section 18 Operating Grant allows Fayette, Clay, Shelby, Montgomery, Moultrie, and Christian counties to provide, via CEFS Economic Opportunity Corporation (a service provider), rural public transportation service.

The Section 18 Operating Grant proceeds and related purchased transportation service expenditures are accounted for in the Rural Transportation special revenue fund.

Note 14 - Commitments and Contingencies

Highway Department

The Shelby County board approves township petitions and commits county funds on a cost sharing basis for sundry projects. The amount committed for projects at August 31, 2020, is not reflected in the financial statements but is estimated to be \$898,827.

Lease Agreement - County Health Building

On July 10, 1996, the Shelby County board approved the County Health Department to become a party to a 25 year lease with SCCS Enterprises, Inc. for the lease of a structure to house the operations of the County Health Department. The lease provides for a minimum annual rent of \$33,060 payable in twelve monthly installments of \$2,755. The County paid \$33,060 in rental payments to SCCS Enterprises, Inc. and an additional \$8,940 for property taxes that the County is responsible for during the year ended August 31, 2020.

Note 14 - Commitments and Contingencies (continued)

Lease Agreement - County Health Building (continued)

Future minimum rental payments are as follows:

2021 \$ 33,060

<u>Lease Agreement – C.E.F.S. Economic Opportunity Corporation</u>

On July 1, 2019 the County entered into a triple net lease agreement of \$1 per year with C.E.F.S. Economic Opportunity Corporation to lease the property at 1505 W.S. 1st Street. The lease terminates June 30, 2024, with the option to renew on the same term and conditions for the next fifteen successive one-year periods.

Lease Agreement - County Farm

In February 2020 the County extended the lease agreement for the Shelby County farmland through February 28, 2021. This lease provides for minimum annual rent of \$39,260 payable in semi-annual installments of \$19,630. The County received \$39,260 in rent income during the year ended August 31, 2020.

Enhanced 911 System

In July 2016 the County signed an agreement with Emergi Tech for an enhanced 911 system and an annual maintenance fee of \$27,121 for five years.

Election Equipment and Software Lease

On January 23, 2019 the County entered into an agreement with Liberty Systems for voting equipment and software through November 30, 2024 for \$14,356 each quarter. During the fiscal year ended August 31, 2020 the County paid to Liberty Systems \$99,866.

Future minimum rental payments are as follows:

| 2021 | \$ 57,424 |
|------|---------------|
| 2022 | 57,424 |
| 2023 | 57,424 |
| 2024 | 57,424 |
| 2025 | 14,356 |
| | \$ 244,052 |

Fidlar Technologies License and Maintenance Fees

On May 30, 2018 the County entered into a three year agreement with Fidlar for license fees and storage and software maintenance services. The software cost is \$12,000 per year, increased by 3% in years two and three. The hosting service is \$8,800 per year. Fidlar also charges the County a licensing fee at varying rates based on the number of remote property software subscribers accessing the County's recorded document information. During fiscal year 2020 the County paid Fidlar \$23,644 for their services.

Note 14 - Commitments and Contingencies (continued)

Self-Insured Health Insurance

On September 1, 2017 the County entered into a partially self-funded contract for employee health insurance through the Pareto Captive and a stop loss policy with HCC Life Insurance Company. The stop loss policy is renewed on a calendar year basis, so there are two different policies covering the County's fiscal year. Both policies have a specific deductible of \$27,500 per participant. The stop loss policy includes aggregate coverage for the group with a maximum exposure based upon enrollment. The 2019 policy has a minimum aggregate deductible of \$727,641, and the 2020 policy has a minimum aggregate deductible of \$766,438.

During the year ended August 31, 2020, employees contributed \$76,025 for the insurance coverage while the County contributed \$305,018. Claims paid for fiscal year 2020, including retiree claims, totaled \$429,178.

Property Tax Software

On September 1, 2018 the County entered into a three year contract with Fike & Fike for use of property tax software at an annual fee of \$0.95 per parcel. The amount paid in the current fiscal year was \$39,295.

Note 15 - Global Pandemic

Local, U.S., and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating temporary work stoppage in many sectors and imposing limitations on travel and size and duration of group meetings. Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, it potential economic ramifications, and any government actions to mitigate them. Accordingly, it is likely that the County's financial position and results of future operations will be adversely affected; however, the extent of that impact will depend on future developments.

Note 16 - <u>Subsequent Events</u>

The Illinois Fraternal Order of Police union contract for the period September 1, 2018 through August 31, 2021 was approved by the County board on December 7, 2020. Back pay totaling \$172,209 was paid January 8, 2021 for the change in terms from the previous contract.

SHELBY COUNTY, ILLINOIS NOTES TO BUDGETARY COMPARISON SCHEDULES For the year ended August 31, 2020

Note 1 – Stewardship, Compliance, and Accountability

A. <u>Budgetary Information</u>

Annual budgets are adopted on the modified cash basis of accounting for all governmental funds. Annual appropriated budgets are adopted for the general and special revenue funds. All annual appropriations lapse at fiscal year-end. The board holds public hearings and a final budget must be prepared and adopted no later than November 30.

The appropriated budget is prepared by fund. Budgetary control over expenditures is exercised by the County board. The legal level of budgetary control is at the fund level.

B. <u>Excess of Expenditures Disbursed Over Appropriations in Budgeted Major Funds</u>

At the fund level, the county health fund expended \$25,068 over budgeted funds in fiscal year 2020.

C. <u>Excess of Expenditures over Budgets in Individual Funds</u>

The following funds expended amounts over their budget for the year ended August 31, 2020.

SHELBY COUNTY, ILLINOIS NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the year ended August 31, 2020

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Shelby County, Illinois under programs of the federal government for the year ended August 31, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Shelby County, Illinois, it is not intended to and does not present the financial position and changes in net position of Shelby County, Illinois. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified cash basis of accounting. Expenditures are recognized and recorded upon the disbursement of cash. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3 - Indirect Cost Rate

Shelby County, Illinois has elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4 - Nonmonetary Assistance

Nonmonetary assistance for food supplements and vehicles are reported in the Schedule at the fair market value of these items received and disbursed.

Note 5 - Subrecipients

Shelby County did not provide federal awards to subrecipients during the fiscal year ended August 31, 2020.

Note 6 - Insurance Provided by Federal Agencies

The County did not receive any insurance coverage provided by a federal agency during the fiscal year ended August 31, 2020.

Note 7 - Loans. Loan Guarantees, and Loan Subsidiaries

The County did not have any loans, loan guarantees, or loan subsidies at August 31, 2020.

Finding No. 2020-001 - Controls over Financial Statement Preparation

Criteria:

Shelby County is required to maintain a system of controls over the preparation of financial statements in accordance with the modified cash basis. County internal controls over financial reporting should include adequately trained personnel with the knowledge, skills, and expertise to prepare and/or thoroughly review the modified cash basis financial statements to ensure that they are free of material misstatements and include all disclosures as required by the Governmental Accounting Standards Board.

GASB Statement No. 34, Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments (Statement), requires governments to present government-wide and fund financial statements as well as a summary reconciliation of the (a) total governmental fund balances to the net position of governmental activities in the Statement of Net Position, and (b) total change in governmental fund balances to the change in the net position of governmental activities in the Statement of Activities. In addition, the Statement requires information about the government's major and nonmajor funds in the aggregate, to be provided in the fund financial statements.

Condition and Context:

Shelby County lacks sufficient internal controls over the financial reporting process. While the County maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the modified-cash basis financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

Cause:

The additional expense to hire and/or train accounting personnel to prepare and/or review financial statements would take away from the funds available to provide services for County residents.

Effect or Potential Effect:

Management or employees in the normal course of performing their assigned functions may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

Recommendation:

As part of its internal control over the preparation of its financial statements, including disclosures, Shelby County should implement a comprehensive preparation and/or review procedure to ensure that the financial statements, including disclosures, are complete and accurate. Such procedures should be performed by a properly trained individual(s) possessing a thorough understanding of the modified cash basis of accounting, GASB pronouncements, and knowledge of the Shelby County's activities and operations.

Responsible Official's Response:

Management is aware of and agrees with the deficiency, but has decided to not correct the issue. See the corrective action plan.

Finding No. 2020-002 - Health Department Salaries and Wages Charged to Grants

Criteria:

The Grant Accountability and Transparency Act 30 ILCS 708/1 (GATA) is effective for all federal and state awards received by Shelby County. The GATA establishes that all state grants, like federal pass-through grants, are subject to the requirements set forth in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The Uniform Guidance (2 CFR 200.430) requires charges for salaries and wages to be supported by a system of internal controls which provide reasonable assurance that the charges are accurate, allowable, and properly allocated. It also requires records to be used to support the distribution of employee salaries and wages among specific activities if the employee works on multiple programs. It further states that budget estimates alone do not qualify as support for salary and wages expenditures charged to federal and state grants.

Condition and Context:

In fiscal year 2020, approximately \$285,000 of wages and salaries were charged to various state and federal pass-through grants, which received approximately \$352,000 in grant revenue. The allocation of salary and wage expenditures were supported by scheduling and assigning time of staff to those grant programs, which alone does not provide reasonable assurance that the charges are accurate, allowable, and properly allocated.

Cause:

Management-believes scheduling and assigning time to grant programs alone provides reasonable assurance that the charges for salaries and wages are accurate, allowable, and properly allocated.

Effect or Potential Effect:

There is an increased risk that salaries and wages charged to various federal and state health department grants do not accurately reflect the actual costs. Inadequate documentation of charges to grants could result in the suspension of grant funding.

Recommendation:

We recommend that the health department implement a system to document the allocation of wages to grants based upon actual time.

Responsible Official's Response:

Management disagrees with the finding and recommendation. A fiscal administrative review was completed by the Illinois Department of Human Services in August 2020 with no findings related to this matter.

Finding No. 2020-003 - Internal Controls over Grant Reporting

Criteria:

As a recipient of federal pass-through awards, Shelby County is required to prepare a Schedule of Expenditures of Federal Awards (SEFA) per the Uniform Guidance at 2 CFR 200.510(b) and a Consolidated Year-End Financial Report (CYEFR) in compliance with the 30 ILCS 708/1 Grant Accountability and Transparency Act (GATA).

Condition and Context:

Shelby County did not maintain a system of internal controls to identify all grant expenditures for reporting on the SEFA and CYEFR in fiscal year 2020. Expenditures totaling \$353,410 for five grants were not identified by management of the airport, county clerk, and sheriff's office.

Cause:

Currently, each department within the County is responsible for reporting their grant expenditures on the SEFA and CYEFR. Airport, county clerk, and sheriff management were unaware of the reporting requirements.

Effect or Potential Effect:

Failure to accurately report grant expenditures could lead to an incorrect SEFA and CYEFR which could jeopardize grant funding.

Recommendation:

The County should implement a system of internal controls to identify all grant expenditures for reporting on the SEFA and CYEFR.

Responsible Official's Response:

Management agrees with the finding and recommendation.

Finding No. 2020-004 - Internal Controls over Payroll Processing

Criteria:

Shelby County is required to maintain a system of controls over the payroll process to comply with laws, regulations and union contracts and to prevent misstatements due to error or fraud.

Condition and Context:

Shelby County did not maintain an adequate system of internal controls over payroll processing. Several instances of payroll errors or noncompliance were noted, including 1) compensatory time off was not tracked by the county clerk nor the circuit clerk for a portion of the year, 2) a sheriff employee accumulated sick time in excess of what is allowable in the union contract, 3) a sheriff employee received \$642 in wages without substantiation of hours, and 4) terms of the union contracts for the dates that vacation and sick time are earned were not followed in most departments prior to June 2020. A payroll policy was implemented by the County in May 2020 that aligns these dates with the union contracts. Most departments changed their record-keeping at that time, but of the departments that were tested, the offices of the health department, sheriff, circuit clerk, supervisor of assessments, and animal control continued prior practice through the end of the fiscal year with one or both of the benefits.

Cause:

1) County clerk and circuit clerk officials were not aware of the need to track these benefits. 2) The error was due to an oversight. 3) The sheriff's office could not locate documentation for the wages. 4) The union contracts expire August 31, 2021, and the departments did not want to change procedures since it is likely the terms of the contracts that will be effective September 1, 2021 will be changed to reflect current practice.

Effect or Potential Effect:

The County has increased risk of payroll misstatements due to error or fraud and noncompliance with payroll laws, regulations and union contracts.

Recommendation:

The County should implement the controls in place for payroll processing.

Responsible Official's Response:

Management agrees with the finding and recommendation.

SHELBY COUNTY, ILLINOIS CORRECTIVE ACTION PLAN FOR CURRENT YEAR AUDIT FINDINGS For the year ended August 31, 2020

Finding No. 2020-001 - Controls Over Financial Statement Preparation

Condition:

Shelby County lacks sufficient internal controls over the financial reporting process. While the County maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the modified-cash basis financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

Plan:

The County accepts the degree of risk associated with this condition because the additional expense to hire and/or train accounting personnel to prepare and/or review financial statements would take away from the funds available to provide services for County residents. Management will reevaluate year end reporting controls annually and pursue additional training when it is considered cost beneficial. The County will continue to review, approve, and accept responsibility for the audit adjustments, financial statements and related notes provided by the auditors.

SHELBY COUNTY, ILLINOIS CORRECTIVE ACTION PLAN FOR CURRENT YEAR AUDIT FINDINGS (CONTINUED) For the year ended August 31, 2020

Finding No. 2020-004 - Internal Controls over Payroll Processing

Condition:

Shelby County did not maintain an adequate system of internal controls over payroll processing. Several instances of payroll errors or noncompliance were noted, including 1) compensatory time off was not tracked by the county clerk nor the circuit clerk for a portion of the year, 2) a sheriff employee accumulated sick time in excess of what is allowable in the union contract, 3) a sheriff employee received \$642 in wages without substantiation of hours, and 4) terms of the union contracts for the dates that vacation and sick time are earned were not followed in most departments prior to June 2020. A payroll policy was implemented by the County in May 2020 that aligns these dates with the union contracts. Most departments changed their record-keeping at that time, but of the departments that were tested, the offices of the health department, sheriff, circuit clerk, supervisor of assessments, and animal control continued prior practice through the end of the fiscal year with one or both of the benefits.

Plan:

1) The office of the circuit clerk began tracking compensatory time off in June 2020. The office of the county clerk no longer utilizes compensatory time. 2) Going forward, employees of the sheriff's office will not accumulate more sick time than is allowed per the union contract. 3) The sheriff's office implemented a more systematic process for documenting employees' hours during fiscal year 2020. 4) The offices of the health department, sheriff, circuit clerk, supervisor of assessments, and animal control plan to negotiate terms that reflect current practice in the union contracts that will be effective September 1, 2021.

SHELBY COUNTY, ILLINOIS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS For the year ended August 31, 2020

Audit Finding Reference: 2019-001 Controls Over Financial Statement Preparation

Condition: Shelby County lacks sufficient internal controls over the financial reporting

process. While the County maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the modified-cash basis financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely

manner.

Status of Prior Finding: Repeated as current year finding 2020-001. Shelby County does not plan to

correct the deficiency at this time.

Audit Finding Reference: 2019-002 - Controls Over the Payroll Process

Condition: The sheriff's office does not employ a systematic process for tracking

employee hours and calculating wages and overtime. The following errors or inconsistencies were noted in our testing: 1) An employee was paid twice for the same eight-hour work period. 2) One employee was shown to have worked a holiday according to the schedule, for which he should receive twelve hours of compensatory time, but per management, he incorrectly reported that he did not work the holiday and received eight hours of compensatory time. 3) An employee took a personal day on a day originally

scheduled, and the variation was not noted on the schedule.

Status of Prior Finding: Not repeated - the sheriff's office has implemented a more systematic

process for tracking employee hours and calculating wages and overtime.

Audit Finding Reference: 2019-003 – Noncompliance with IRS Regulations

Condition: The Shelby County Sheriff's office reimbursed employees for clothing

allowance items of a personal nature without including these amounts in compensation as a taxable fringe benefit. In addition, the County pays the coroner a \$2,500 stipend every year to cover use of his personal office and supplies without using an accountable plan, filing a Form 1099-MISC for

rent, or including this amount in compensation.

Status of Prior Finding: Not repeated – The sheriff's office paid the employees' clothing allowance

by including the stipend in compensation. The County did not pay any additional rent to the coroner, so there was no 1099-MISC filing requirement.

SHELBY COUNTY, ILLINOIS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS (CONTINUED) For the year ended August 31, 2020

Audit Finding Reference: 2019-004 – Inadequate Segregation of Duties

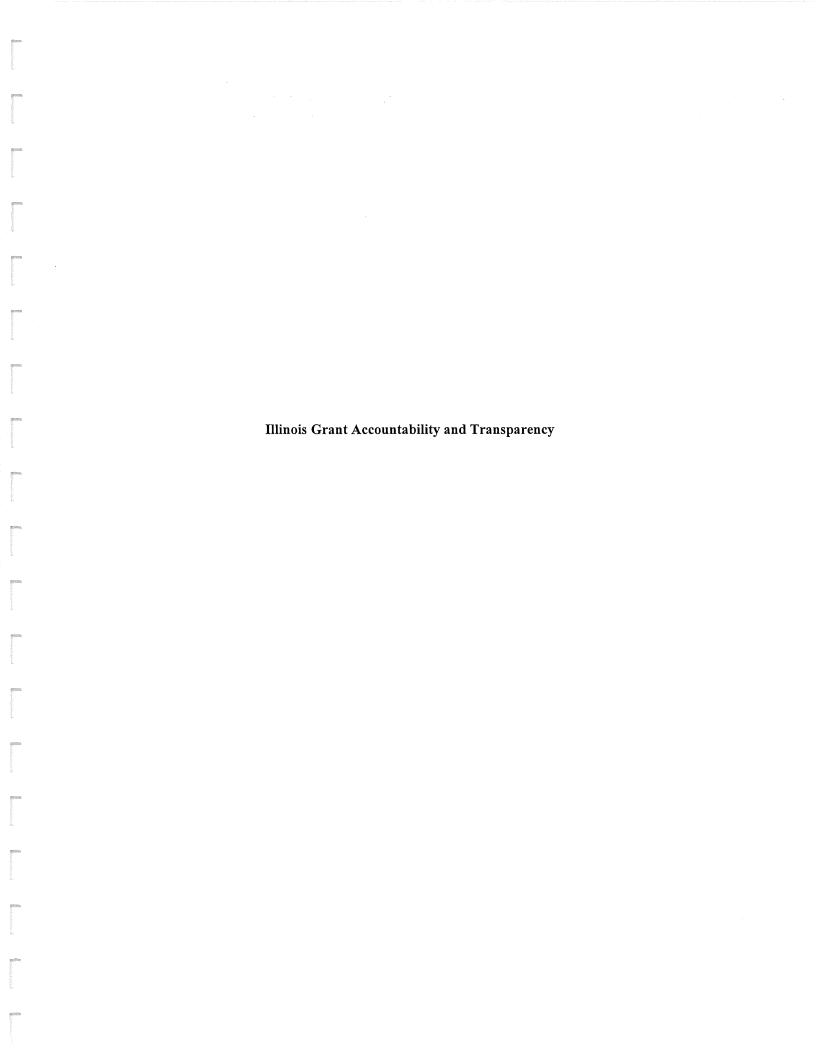

Condition: In the offices of the county clerk, sheriff, and tourism, the same individual(s)

is responsible for multiple functions including collecting cash receipts, writing checks, recording receipts and expenses, and/or reconciling the bank

statements.

Status of Prior Finding: Not repeated – The offices of the county clerk and sheriff have implemented

mitigating controls to reduce the risk of inadequate segregation of duties.
