Providing dated photographs is highly recommended to show condition issues. Photographs can show any special factors of the property that should be brought to the BOR's attention.

APPEALS BASED ON RECENT SALES OF A SUBJECT PROPERTY

Definition: The BOR considers the sale of a subject property, which occurred within the last twelve (12) months of the January 1 assessment date, as possible evidence of fair cash value. The BOR gives the most weight to following required documentation in such an appeal. Evidence to include but not limited to: Documents that disclose the purchase price of the property and the date of the purchase, specifically including the signed and completed settlement statement or closing disclosures and summaries of transactions. Testimony and or documentation, such as the recorded Illinois Real Estate Transfer Declaration (PTAX 203) or printout from a multiple listing service closed client listing sheet and chronological property listing history of the subject property. If applicable, and itemized bill of sale signed by seller and buyer and supporting documentation of the fair cash value of any personal property included in the purchase price of the subject property.

APPEALS BASED ON FAIR CASH VALUE (MARKET VALUE)

The BOR will accept appraisals Only from those licensed by the IDFPR as evidence of the complainant's opinion of value. APPEALS BASED ON RECENT USABLE SALES OF COMPARABLE PROPERTIES

Evidence to include but not limited to:

Comparable sales if there were sales of similar properties in similar locations. That would show the subject property is over assessed: evidence of those sales prices should be submitted. Examples of similar properties include but are not limited to square footage approximately the same, year built approximately the same, a ranch is compared to a ranch, a two story is compared to a two story, similar construction quality and design are compared. Average condition properties are compared to average condition properties, etc. All square footage is determined by outside measurements.

APPEALS BASED ON EQUITY (UNIFORMITY)

Definition: Real Property assessment shall be valued uniformly as General Assembly provides by law (art 9 sec 4 Illinois constitution of 1970). An inequitable assessment is one that values one property at a higher level of assessment relative to fair cash value than assessments of comparable properties. Evidence to include but not limited to: it is preferable to select at least three (3) comparable properties. Comparable properties should be located near the subject property in the same neighborhood or competing neighborhoods. They should be similar in style, Ranch, 2-story, split-level etc. construction. Brick, frame, with or without basement etc. Age, age, size. Square footage of the above ground living

area. Quality and condition of the subject. However, in NO instance will comparable form outside of Shelby County be considered by the BOR for assessment complaints based upon equity.

APPEALS BASED ON INCOME PRODUCING PROPERTIES

Evidence to include but not limited to: income and expense statements. If the property is income producing, it is recommended the taxpayer furnish the income and expense statements of the prior THREE (3) years as evidence of value. The most appropriate evidence is the pertinent schedules of the taxpayer's federal income tax return.

APPEALS BASED ON MATTERS OF LAW.

Definition: Matters of law include such factors as carrying forward prior year residential appeal results, preferential assessment and farmland valuation. Evidence to include but not limited to: Legal Brief: if the basis of the complaint is a question of law, it is recommended the taxpayer provide a legal brief on the subject at issue, citing the law in question, as well as copies of any legal opinions and or judicial rulings regarding the law in question.

INFORMAL OR FORMAL BOARD OF REVIEW HEARING

There is the option of an informal (rule on the evidence provided) or formal (in-person) hearing, informal hearing is when complainant completes appeal paperwork and submits evidence. The Board of Review will review it and decide without the complainant needing to be present at the hearing. The final decision will be mailed to the complainant via mail. Formal hearings allow the complainant to submit additional evidence at the hearing. If the tax-payer does not show up for the scheduled hearing, the complaint will be dismissed.

DECISIONS

The final decision will be mailed to the complainant via mail. There would be an exception if the parties had specifically waived notice of hearing such as when they indicate on assessment complaint that the board of review should rule on "the evidence provided" (because the opportunity to be heard in person had been waived.)

All decisions are subject to equalization.
